November 14, 2022

Dear Members of General Obligation Bond Executive Committee,

It is my pleasure to write this letter in support of the projects being proposed for the City of Phoenix's 2023 General Obligation (GO) Bond program.

Throughout this process, the city has solicited stakeholder feedback to promote health and wellness, improve transportation and housing, and create a strong economic impact. These are essential to building more resilient communities. Strong support from the public, private, and philanthropic sectors is needed for these projects.

The projects that have been prioritized for the GO Bond will help fund critical infrastructure and rehabilitation needs of city facilities and strengthen the revitalization our community. In doing so, the city intends to make significant investments in art, affordable housing, public safety, environmental remediation, city services, and further the reimaging Rio Salado corridor. This will help attract economic development and expand prosperity throughout the region.

Greater Phoenix Leadership supports your efforts and looks forward to working with the City of Phoenix as it makes headway toward conducting a city-wide vote in 2023. The proposed projects that you are considering align with our mission to improve the economic vitality and quality of life throughout the region.

Sincerely,

A handwritten signature in black ink that reads "Neil Giuliano".

Executive Summary

Launched on July 1, 2022, the GOPHX Tool was designed to engage the public in the development of the \$500 million General Obligation (GO) Bond Program proposed by the City of Phoenix. This interactive tool was available in both English and Spanish, and gave residents an opportunity to provide feedback on prioritized projects recommended through the City's Capital Needs Study, as well as to share community priorities and ideas for capital projects that could be included in the GO Bond Program.

Between July 1 and Nov. 30, there were 177 submissions and 3,357 interactive page views.

Throughout the period of GO Bond Committee meetings, which concluded Nov. 14, Budget and Research staff provided reports summarizing the data collected through the GOPHX tool.

Reports are broken out by Council district and include the following information:

- Number of submissions received;
- Demographic information;
- Average submission per district or the percentage of "yes" or "no" submissions; and,
- All comments received.

Budget and Research staff respond to comments received via the GOPHX tool, as appropriate. Reports are published on the City of Phoenix GO Bond website at phoenix.gov/bond.

Comments:

1. Jennifer Dangremond (District 6) stated improvements and maintenance of facilities that are city-owned made perfect sense and supported funding for Cultural Facilities Critical Equipment Replacements. Ms. Dangremond emphasized the importance of having a Latino Cultural Center in Phoenix and Arizona but had questions about how annual operating costs would be funded, how much funding from the private sector would be raised for construction, and who would operate the facility; she stated she could not support GO Bond funding for this project as there were too many questions. (Aug. 30 Report)
2. Nicholas Salazar (District 7) stated money should be invested towards meaningful impact and change within the Latino community before spending \$21.7 million on a building meant to represent it. (Sept. 26 Report)

3. Katarina Lujic (District 7) stated \$25 million as the maximum investment for sustainability was extremely low given Phoenix's location and water concerns. She stated she would be happier to see the amount increased threefold. (Oct. 7 Report)
4. Andrea Golfen (District 4) opposed GO Bond funding for the Fuel and Oil Tank Replacement, stating existing Police funds should be used to upgrade Police equipment and funding should be allocated away from Police to community services. (Oct. 7 Report)
