## Summary of Virtual Community Budget Hearing Minutes, Electronic and Voicemail Budget Comments, and the Second 2021-22 City Manager's Proposed Trial Budget Additions FundPHX Report

This report transmits the [summary minutes](#) of three Virtual Community Budget Hearings held April 10, April 17, and April 20, 2021, [electronic budget comments](#) from residents who did not wish to speak during Virtual Community Budget Hearings held April 10, April 17, and April 20, 2021, [resident budget comments](#) received by the Budget and Research Department from April 20 through April 27, 2021, as well as the second 2021-22 City Manager's Proposed Trial Budget FundPHX report, reflecting submissions received from April 1 through April 23, 2021.

### Summary

For the month of April staff provides a bi-weekly report to City Council summarizing the data collected through the FundPHX tool, and weekly budget comments received by the Budget and Research Department via phone and email. Staff also provides summary minutes of Virtual Community Budget Hearings.

[FundPHX](#) is an online budget tool designed to educate and engage the public on the City's annual budget process. The tool is available in both English and Spanish, and gives residents an opportunity to provide feedback on the City's \$153 million General Fund surplus, and share community priorities with staff. For the month of April the tool provides information on the 2021-22 City Manager's Proposed Trial Budget. Between April 1 and April 23, 2021, staff received a total of 34 Trial Budget FundPHX submittals. The Trial Budget FundPHX page has received 370 interactive page views. The Trial Budget FundPHX report includes proposed additions identified by seven categories, including:

- Employee Compensation (\$118.0M);
- Public Safety Reform and Responsiveness (\$21.0M);
- COVID Response and Resiliency (\$2.6M);
- Climate Change and Heat Readiness (\$2.8M);
- Affordable Housing and Homelessness (\$2.7M);
- Building Community and Responding to Growth (\$2.9M); and

- Administrative Accountability (\$3.0M).

Comments received are responded to by Budget and Research staff and/or the appropriate City department.

21. Adam Hawkins spoke in support of funding a full-time position to assist veterans.
22. Luke Black spoke in support of not funding additional positions in the Police Department and reallocating funds to a community assistance program (CAP).
23. Samuel Merten spoke in support of increased funding for the Fire Department's Community Assistance Program (CAP) and funding community committees for the engagement and oversight of CAP. Mr. Merten stated he was concerned that funding would not be guaranteed.

Ed Zuercher wanted to clear up any misconception and explained that once the City Council approves the 2021-22 budget, the funding for the CAP is guaranteed and would continue. He stated it would take an act of a future City Council to discontinue funding.

Councilman Garcia asked Mr. Zuercher to explain the process of establishing CAP. Mr. Zuercher explained that the City does not currently have a fully formed CAP, and the funding proposed in the budget establishes funding for a CAP. He added the program will need to be developed by Council with the input of the community. Mr. Zuercher stated that the partial program in the Fire Department currently works with victims that have been displaced by fire or medical emergencies. Mr. Zuercher further explained the funding proposed in this budget is for civilian response to residents who have a behavioral or mental health crisis that is responded to by Police today. He stated that when the CAP is developed, civilians will respond unless there is criminal activity.

Mr. Zuercher also stated ICE is not called unless someone is arrested or cited in lieu of detention, even if a Police Officer responds. He added that if we respond with civilians, it is not an ICE situation. Mr. Zuercher stated that State law requires that there is no connection between a CAP and ICE, unless someone is arrested, detained, or cited in lieu of detention.

Councilwoman Laura Pastor stated that she led the Traumatic Incident Intervention Resource Committee and the committee pushed for the crisis assistance response team, with dialogue with the Fire Department. Councilwoman Pastor stated the crisis assistance response team is very important for incidents happening in the community dealing with mental and behavioral health. She wanted to clarify that is what the City is building and creating.

Mr. Zuercher stated that he agreed, and as a result of a recommendation from the Traumatic Incident Intervention Resource Committee, a Victim Services Caseworker position has been put in the Trial Budget to navigate services for family and relatives of people who have been harmed or killed in interactions with the City's Police Department. Mr. Zuercher stated that the committee also recommended funding a broader, more robust crisis assistance response group that is not made up of Police Officers. Mr. Zuercher stated he envisions that when a resident calls for assistance, if enough information can be obtained to determine that a behavioral or mental health crisis is occurring, a trained behavioral Health Crisis Intervention Specialist would respond. Mr. Zuercher again stressed that Police would only be involved if there was violence or some criminal act. He added that most situations are not criminal or in need of the justice system and that they are a crisis in need of recovery or assistance.

Councilman Garcia stated that we receive about 24,000 calls a year for mental health issues and with the established funding for CAP, those calls will be responded to by the newly formed crisis assistance response team, which would eliminate work for Police Officers and generate budget savings. Mr. Zuercher agreed but stated that until the volume of calls is known and decreases in workload can be determined, we would not know what the savings would be.

24. Aimee Esposito registered to speak but was not on the phone when called to speak.
25. Ramon Gomez spoke in support of funding for a City park at 55th Avenue and Samantha Way in Laveen.

Mr. Raiford spoke in favor of reallocating funds for an independent department separate from Police and Fire that would respond to non-violent and non-criminal emergency calls.  
Councilman Garcia asked Mr. Raiford if he knew of language in other programs that gives examples of excluding Police. Mr. Raiford restated his position.
40. Brenda Montoya spoke in support of funding more frequent and reliable public transportation and more shade at bus stops and a community center.
41. Brenda Bustamante spoke in support of funding more reliable public transportation, increasing the number of bus stops and providing more shade at bus stops.
42. Elizabeth Payan registered to speak but was not on the phone when called to speak.
43. Nanci Ibarra spoke in favor of providing more public transportation and a circulator service in her neighborhood. Ms. Ibarra supports funding for a community center in her neighborhood and access to healthier food choices. Ms. Ibarra also stated that the alley by 75<sup>th</sup> Avenue and Pierce Street needs to be cleaned.  
Councilman Garcia addressed the caller in Spanish. In English, he thanked the community for their participation in the budget hearing and let them know the newly elected councilperson for District 7 would be at the budget hearing on Tuesday, April 20, 2021, and they would relay this information to her.
44. Calia Byrd spoke in support of redirecting funding from Police to create an independent community assistance program with community oversight such as the Neighborhood Organization Crisis Assistance Program (NOCAP).

126. Hannah Loo spoke in support of funding the Neighborhood Organized Crisis Assistance Program (NOCAP) at \$20 million a year as an independent, separate program from public safety and ICE with stakeholder oversight and involvement that would respond to non-violent and non-criminal emergency calls in place of the proposed City's Community Assistance Program (CAP). She also spoke in support of increasing visibility of MOU negotiations; reallocating Police funding to fund other community services such as low barrier housing support, free transportation, bus only lanes, affordable housing, and a rehab center at \$10 million from the Crime Suppression Unit, and COVID funds for community services.
127. Joseph Dora spoke in support of funding a service center for military veterans.
128. Eric Elmore spoke in support of funding the Neighborhood Organized Crisis Assistance Program (NOCAP) at \$20 million a year as an independent department separate from public safety and ICE with stakeholder involvement that would respond to non-violent and non-criminal emergency calls.
129. Sally Barto registered to speak but was not on the phone when called to speak.

130. Claire Redfield registered to speak but was not on the phone when called to speak.

131. Zachariah Denes spoke in support of having a more equal distribution of public transportation funds throughout the city and reallocating funding for Police to funding the Community Assistance Program (CAP).

Mr. Zuercher thanked the audience for their patience expressed appreciation for those in attendance.

Councilwoman O'Brien and Councilwoman Ansari thanked attendees for their time and comments. Councilwoman Ansari stated we will take comments into account. Mr. Zuercher stated hearings concluded and staff will return to Council on May 4. The hearing was closed at 9:20 p.m.

Respectfully submitted,

Carol Poore	Phoenix public art is an important investment with payoffs: Placemaking for city identity, economic development, quality of life, civic pride, increased home values, community conversation. Thank you for sustaining the arts during the pandemic and with this budget. Your support of public art maintenance and arts/culture programming through our Office of Arts & Culture is leading Phoenix into a vibrant future. With gratitude, Carol A. Poore, Ph.D.-Board Chairman, Friends of Phoenix Public Art
Mike Abegg	I would like to provide my support for funding new parks in newly developing areas. I believe that the undeveloped park on Samantha would be a benefit to the community and request it be added to the city budget this year.
Margaret Shalley	This is a balanced approach by allocating funding for critical needs (homeless, mental health, etc.) while still fully funding our PD. We as the fifth-largest city can accomplish both without sacrificing one or the other, and the majority of residents want a fully funded PD. Crime deterrence includes keeping our youth active, which is why the city needs to build out all planned small neighborhood parks – including in underserved Laveen - starting with the vacant lot at 55th Avenue and Samantha.

Gladiela Lopez Felix	If this crisis response program is implemented the money must come from the police department, not the surplus. PHXPD, one of the most racist and violent police departments in the nation, is overfunded and under disciplined. It's pathetic. PHXPD does not keep Phoenix residents safe. The surplus needs to go to our community needs and safety. The crisis response would reduce the number of calls police respond to, so there is no reason for that money to stay with the police department.
Rebecca Denis	A balanced budget does not look like giving more money to the police who are violent and corrupt and already have a bloated budget. We need to DEFUND the police so we can invest money back into our communities. Public transportation should be free, we need better mental health and rehabilitation services. Public housing should be a priority for this council as we have an affordable housing crisis in our city currently. You must reject any new money, including covid relief money to police.
Aaron Evans	Absolutely no more money needs to be pushed into the violent system we call the Phoenix Police Department. The city needs to put funds into services that benefit the people, not the police. Reallocate funds and use it for NOCAP, a crises assistance program independent from all other current first responders. Stop letting armed cops pretend to know how to handle mental health crises and wellness checks. More \$ to police = more unnecessary violence towards the community.
Cynthia McWhorter	People don't want a police response or any cooperation with law enforcement, including ICE when calling for help. The Crisis Assistance Program will respond to calls that currently go to the Phoenix Police Department. It makes sense that the money for the Crisis Assistance Program should come from the cost savings for PPD, now that officers have fewer calls for service. Operations should dictate budgets. If the Police Department has less work to do, they should receive less money.
Julie Gipe	NO pay raises or any additional funding to the police department. Reallocate the funds to much needed services (mental health, education, climate) which will improve our society and our people. If we allocate money where it will actually make a positive impact in our communities, we'll all benefit from it. However, if we continue to carelessly overinflate police budgets, we'll continue to deteriorate as a society. Let's invest in specialized services that work; not more police.
Kelly Kwok	Council needs to reject this budget until the public is guaranteed full access to future labor negotiation meetings. Negotiating the contract behind closed doors resulted in pay raises for police (\$60 million) and minimal changes in transparency and accountability. Continuing to let police negotiations happen behind closed doors means PPD is going to stay violent and unaccountable. Council has the power to change this process and end secret negotiations. No more money to cops.
Graham Weisse	It is a bitter farce that funding for a police department "unremittingly hostile to communities it purportedly serves" dwarfs allocations for all other city services. At least \$20 million in ongoing funding needs to be drawn off from the bloated police budget to maintain a community-directed crisis response program in conformity with all NOCAP principles. Money should also be diverted from the police to expand shelter capacity and affordable housing citywide and boost climate preparedness efforts.

Allison DeCoste	I am commenting in favor of decreasing the budget allocation for police and investing in solutions that are safer for our community. In many situations, police are underprepared/informed to handle a medical/mental health crisis. They shouldn't have to. Investing in crisis assistance programs like NOCAP and with health professionals will bring trust and sustainable aid to the most underrepresented members of our communities (unsheltered individuals especially <3). Thank you!
Dusenge Gloria	I am against the 75 new civilian positions for Phoenix police. PPD says it's necessary to increase transparency, but every attempt by police to increase transparency and training have failed. We need access to public records from police, but continuing to add more people to a rotten system isn't going to fix anything. Police records need to be handled by the City Clerk's office.
Denise Romesburg	I support the budget's proposed spending of \$2.8 million and an increase of 14 positions to address Climate Change and Heat Readiness. Phoenix desperately needs a greenhouse gas emissions inventory and climate action planning. It's only going to get hotter!
Lauryn Wingate	I encourage you to consider renewal & expansion of the PHXbizConnect HUUB platform so that businesses can continue to get support in this critical time. As a business owner in Phoenix, this tool has been vital to helping me navigate the pandemic & even grow. I believe this platform should be a standard tool for all cities, but especially Phoenix.
Rochelle Price	I support funding for climate change and heat readiness. Let's fight back against record breaking deadly heat in our city. I support funding for additional staff to plant and care for trees. I support funding for Cool Corridors. I support funding for maintenance for the park long delayed at 55th ave and Samantha. Let's plant more trees, make our city walkable, and cool enough to be walkable, with public spaces in all of our communities.
Jessica Spencer	I cannot support this budget that just throws more and more money at a useless police force that exists solely to target those it deems less than human. The community wants funding for CHANGE, not for more violent police forces who use violent nazi imagery coins to pass among their members to target our community members. I support money being moved to support an actual crisis response versus this team of murderers we now employ.
Erin Rugland	I cannot support a budget that increases funding to an inflated and ineffective police department. It's a shame because there are some great budget initiatives, particularly the Climate Change and Heat Resilience items, but how can you claim to try to improve the quality of life of low-income communities through heat reduction if those communities will still be heavily policed?
john meyer	I believe that the best way to maximize limited police funds is to reduce the number of nonviolent calls the police force responds to through the development of a community driven entity that will dispatch professionals from the mental health and social work sectors to address nonviolent situations.  It is a proposal that makes sense given the number of people unnecessarily killed through nonviolent interactions with police, and it will allow everyone in the community to feel safer.

Sierra Ayers	Please make the community safer by NOT giving more money to the country's deadliest police department, and instead moving \$15 million to the Neighborhood Organized Crisis Assistance Program. How is the nations 5th largest city only allocating less than \$200k for public housing? Support the community you work for by investing in community services. We need money for housing, healthcare (mental healthcare), substance abuse resources. Stop using tax dollars for the police.
Tom Bukacek	As a small business owner in Phoenix, I encourage you to consider the renewal and expansion of the PHXbizConnect HUUB platform so that businesses can continue to get the support they need in this critical time. I would love to see the city invest in offering free consultants through HUUB's 24/7 online tool to help us grow our businesses. Thank you for your consideration.
Karylann Kwasny	Phoenix PD is considered one of the most violent police forces in our country. Instead of rewarding poor performances with increased salaries, make them earn their increased wages by required higher education/training and use that extra money to INVEST IN COMMUNITY SERVICES. That extra money could be used towards services to help people protected by COVID like healthcare and housing assistance/accessibility. Stop giving these murderers more money and lets protect and help our fellow citizens.
Eva Valencia	Please support our community by 1) Moving \$15 million from the proposed police budget to fund a new crisis response program. 2) Opposing \$10 million for the PD "crime suppression squad." 3) Opposing any new civilian positions for the PD--insure transparency by giving the city clerk's office oversight of police records. Please invest in programs (housing support, rehab support, transportation, arts, and climate change mitigation) that will improve the quality of life for all Phoenicians.
Donna Reiner	As the past chair of the Arts & Culture Commission, thank you for your continuing support of the arts sector w/ COVID relief money this past year & the trial budget that increases the Phoenix Office and Arts and Culture budget by \$200,000 -- \$110,000 for grants, \$60,000 for public art maintenance, & \$30,000 to support youth, professional development, & community programs. As the past chair of the Historic Preservation Commission, thank you for the additional funds for grants which is needed.
Wil Meister	The community must have a direct say in the COVID relief money coming to Phoenix. We had no democratic say while Phoenix and state government fumbled through the pandemic. It's well documented how much tenants struggled to access rental relief, leaving many in a state of long term precarity while waiting for an extension on the CDC's eviction moratorium, all due to government incompetence. Put the \$400 million towards housing, public transport, healthcare, and not our paramilitary police.
MK Zeeb	no more money to phoenix pd. we need to stop sanctioning long-standing power-abuse and violence. instead, channel that money into building new systems for health, safety, mobility. listen to the people. it's not your money. or the pd's money. it's ours. the people's. put it where it belongs.
Jon Burgess	There are elements of this budget that I support, but I would like to ask that more funding be considered for public transit and housing support. One possible solution would be to use some of the funds intended for the Phx PD. The Phx PD's budget is already massive, so I do think the council should consider diverting unnecessary funding towards things that will have a greater and longer lasting impact on the community.

Nicole Rodriguez	The \$2.8M for Climate Change & Heat Readiness initiatives are desperately needed and past due. Council was invited to discuss on these items since June 2018. Opposition belabors issues, is poor representation of your district and Phoenix residents. Design for tomorrow, promote improved quality of life, encourage innovation and challenge expired notions. Research shows local economies flourish where trees are smartly integrated into urban infrastructure. When done smartly, ROI is exponential.
Janice O'Rourke	We live at the corner of 5th Ave. and Cypress St and often witness cars speeding south on 5th Ave. or driving the wrong way on this one-way street. The street is very well-travelled by pedestrians and bicyclists whose safety is threatened by the current configuration of 5th Ave. (2 lanes one way south.) Funding for the proposed lane changes to both 5th and 3rd Ave. is needed immediately.
Frank Grinere	Please fund staffing requests from Pueblo Grande Museum (PGM) PGM staff was cut by nearly 40% in the recession of 2008 and are at same staff level 2day.PGM is where Phx began. The museum conserves and stores all of the archaeological finds from Central Az and Phx. It is a leader in providing programs to Title 1 schools hosting 5000 kids in 2019 alone. It is a sacred place for 7 First Nations. The collections staff will drop to 1 unless retain current temp aide. Pls support all PGMstaff requests
Veronica Baca	I am in support of building the park on 55th ave and Samantha. I have 3 children and need a park we can safely walk to. The nearest park is 3 miles away. This is unacceptable. Please build a park for our children .
amanda Morales	No new money for the Phoenix PD. Utilize funds freed up from not hiring new cops to pay for the proposed crisis response program. Fund public transport and improve the quality of service provided. Increase the amount of bus & bike only lanes. Fund accessible mental health resources that reach the most vulnerable. Fund addiction and substance abuse resources, fund resources for youth in Black and Brown neighborhoods. Don't use COVID relief money to cover PhxPD bonuses.Stop over relying on PhxPD.
Melissa Huapaya	As a Friends of Phoenix Public Art board member, I would like to thank the City Council for demonstrating continued dedication to arts organizations and individual artists through emergency relief funding and prioritization in this budget. This increased budget will allow for more inclusive programming and critical maintenance of public art to enhance health wellness and sustainability of our public art collection. Thank you again for your continued support for the Office of Arts & Culture.
Amy Miao	I am a resident of district 8 in Laveen. Our population in Laveen has exploded but the number of city parks has not kept up with the growth. There are funds set aside to build our neighborhood park at 55th Ave. and Samantha way, but we need the council to allocate \$156,000 for annual maintenance budget Right Now!! We have been waiting for this park for over 12+ years. The kids need it, the neighbors need it and we all need it!
Kristi Bursaw	I would like to advocate for the budget to include the building and maintenance of the city park for the 55th Ave and Samantha Way. There are 2 large schools, many families, and a rapidly growing community in this area. We do not have any city parks for 3 miles and we cannot safely ride our bikes there without crossing busy intersections with our young families. Since there is a surplus in the budget this is the perfect opportunity to make this long awaited park a reality. Thank you!

Catherine Foley	I am a D -6 resident, and I want to thank the Mayor and Council for allocating \$2.6 million in COVID relief to the arts organizations, businesses and individuals artists who contribute so much to our city's economy and community life. I also ask you to support the \$200,000 increase for the Phx Office of Arts and Culture in the trial budget -- \$110,000 for grants, \$60,000 for public art maintenance, and \$30,000 to support youth, professional development, and community programs. Thank you.
Emily Cowles	I do not support any pay raises or other additional funding at all to the Phoenix Police Department. They are one of the most violent police forces in the nation and do not keep us safe.
charles allen	I fully support the creation of an Office of Heat Response and Mitigation, the addition of funds conduct GHG inventories and provide modeling and analysis regarding air quality to assist with implementing the City's newly created Climate Action Plan, the additional Parks funding to add staff for a citywide tree inventory and database, the Cool Corridors Program, and the creation of the office of equity and inclusion. Equity should be embedded in all action the city undertakes.
Kelley Villa	As a resident of District 4 and food systems advocate, I applaud the inclusion of \$300K in funding to Environmental Programs to fund a Program Manager to oversee food programs and carry out the implementation of the Phoenix Food Action Plan. I and my colleagues support this important investment and hope to see the investment in food systems personnel continue as a permanent and important part of the Environmental Programs operations. Thank you.
Joya Scott	I support fire dept., arts, food, and other community assistance programs. However, I do not support pay raises or any other added funding to the Phoenix Police Department. The PPD is an unaccountable, violent organization. Just under a year ago, they occupied my neighborhood in a total overreaction to the Black Lives Matter protests, filling it with pepper spray/gas and assaulting residents. They've killed innocent Black and Brown people. They have lost our support & deserve NO more funding.
Corin Puckett	Unacceptable, PHX PD is one of the most violent and harmful in this country. NO pay raises for phx police! No COVID relief money to pay police bonuses! No bonuses to cops involved in the SAU! No to 75 new civilian positions for Phoenix police! Phoenix police should cut the number of officers employed by the department and reallocate that money to: Mental health resources in Black and Brown neighborhoods Resources for youth in Black and Brown neighborhoods Free public transportation
Adrienne Udarbe	On behalf of Pinnacle Prevention providing food systems services and support statewide and in the City of Phoenix we applaud the inclusion of \$300K in funding to Environmental Programs to fund a Program Manager to oversee food programs and carry out the implementation of the Phoenix Food Action Plan. We support this important investment and hope to see the investment in food systems personnel continue as a permanent and important part of the Environmental Programs operations.
Karen Buchmann	Please fund the Park at Samantha Way and 55th Ave in Laveen so it can be completed. For 14 yrs this designated park has been dirt, weeds and barbed wire fencing. Families with infants and all ages including seniors live here and in nearby neighborhoods. The Bridlewood neighborhood is lacking green space and amenities since the park was supposed to fulfill the city requirements. Please add whatever funding required for construction and maintenance of this park. It is way overdue. Thank you!

Ciara Lv	This trial budget still lacks a focus on the people. If you merely look at the budget tabloid published by the City, you can see the bulk of expenditures is to be spent on police...to the tune of nearly \$600 MILLION! The trial budget also proposes an additional \$3.7 million as if half a billion dollars is not enough. Focus should be on affordable housing, cultural activities, community-led response teams, first time homeowner programming...something to lift us up. Not the bloated Phoenix PD.
Carol Poore	Phoenix public art is an important investment with payoffs: Placemaking for city identity, economic development, quality of life, civic pride, increased home values, community conversation. Thank you for sustaining the arts during the pandemic and with this budget. Your support of public art maintenance and arts/culture programming through our Office of Arts & Culture is leading Phoenix into a vibrant future. With gratitude, Carol A. Poore, Ph.D.-Board Chairman, Friends of Phoenix Public Art
Mitra Khazai	The Phoenix Boys Choir thanks city leaders for your support of our arts and culture sector. As a 73-year-old Phoenix youth development and performing arts organization, our work, along with our fellow arts and culture sector members, supports economic growth, shared cultural experiences and productive community dialogue. As second responders during and after the pandemic, our art serves to bring joy, heal and uplift our community. Thank you for your support of our critical sector.
Mike Abegg	I would like to provide my support for funding new parks in newly developing areas. I believe that the undeveloped park on Samantha would be a benefit to the community and request it be added to the city budget this year.

Christy Vezolles	Funding for Climate Change & Heat Readiness initiatives, a new Office of Diversity, Equity and Inclusion and for the 2025 Phoenix Food Action Plan are imperative. I support the proposal to implement a program for trained citywide crisis response teams in the Fire Department. Adequately funding these programs and services, as well as for Arts & Culture, is necessary for ensuring that Phoenix has a sustainable environment and quality of life for all residents.
Stacey Champion	I applaud the inclusion of \$2.8M for Climate Change and Heat Readiness initiatives to increase the community's capacity to prepare for and respond to both extreme heat events and the increasing frequency of high temperature days; increase shade canopy and ensure equitable distribution of City services. I support and hope to see the investment in climate, sustainability, environmental and equity leadership and programs continue as a permanent and critical part of the City's operations.
Amanda Jones	I support building and maintaining the park on Samantha Way. It is long overdue.
Jennifer Redd	Phoenix needs a Neighborhood Organized Crisis Assistance Program (NOCAP) that is: -Independent from any other department -Commits to community oversight and control -Guarantees secure and long-term funding There is no other way forward. Phoenix needs to be intentional and urgent in this action.
Sarah Schweiger	Over the past year, while on City Council calls I observed how irritated some of you all got when community members would call in, and interrupt your talking schedule. My impression is that people had become desperate to get your attention. People are trying to get you to HEAR them. And this Budget Proposal indicates that you did NOT hear the pleas from the people. We want to invest in positive, proactive and protective programs. Not more in policing. Switch it up. We can do better.
Tom Coffeen	I am a Phoenix native in District 4. Respectfully, the police are over-budgeted and under-accountable. Most of their budget should go instead to truly help community health and safety: E.g., Provide \$15 million for the Crisis Response Program; No to \$10 million for a "Crime Suppression Squad"; No to 75 new Phoenix police civilian positions. Fund the community instead! E.g., free transit and bus-only lanes; more rehabilitation services; low barrier-to-entry shelter and housing support. Thank you.
Ezri Tyler	All additional funds going to the police need to be diverted into community based funding. Our police force is one of the most violent in the nation, having fired at more people than law-enforcement officers in any other city in 2018. And according to Mental Health America, Arizona is ranked 50 out of the 50 states and Washington D.C. for providing access to mental health services. Our schools, public transport, community centers, and mental health services are chronically underfunded.
Devynn Good	I oppose extra funds to the Phoenix Police. During this time, it is necessary for extra funding to be invested in underprivileged communities as they try to recover the pandemic. I hope the council members listen to the concerns of Phoenix residents and decided not to move forward with granting Phoenix PD the extra resources.
Perla Macias	Our communities are in pain and in need of help! crisis teams (NOCAP) is the way to go. Not only will it prevent police encounters, but it will also help our communities in their time of pain and need. Police are not equipped to answer mental health crisis calls, nor should they as we have seen again and again. This should also be its separate agency due to the lack of transparency and accountability. We want peace, resources and empathy not militarization of police nor mass incarceration.

Ginger Sykes Torres	I support 2.8M in funding for Climate Change & Heat Readiness initiatives in the Trial Budget, which includes an Office of Heat Response and Mitigation, and will invest in the Tree and Shade Master Plan, Cool Corridors Program and Climate Action Plan. I also support \$270k for a new Office of Diversity, Equity and inclusion and \$300k to help achieve the goals of the 2025 Phoenix Food Action Plan. These investments will enhance our city's resilience and benefit our public health and economy.
Rebecca Perrera	I generally support the budget but urgently request the following park improvements in Laveen: 1. Building and maintain a park at Samanta Ave 2. Add a shade structure at the Trailside Point Splash Pad 3. Initiate a plan to address all undeveloped parks in Laveen
Emily O'Neil	A new city budget should not include additional funding for police staff and their "crime suppression squad".  It should include funding for free transportation and bus only lanes, regab No to 75 new civilian positions for Phoenix police, rehabilitation services and a center in West Phoenix, low barrier and affordable housing, direct redistribution of resource, and a climate change mitigation strategies.  The city can provide all of these service by diverting funds from Phoenix PD.
Felipe Medrano	Please include the construction and annual maintenance costs for the Park at 55th Ave. & Samantha Way (Laveen) in the upcoming budget. The land has been designated as a City park but continues to remain undeveloped with overgrown trees, weeds and the occasional pack of coyotes. It is an eyes sore, especially for those of us who have fronted this property for 14 years. Benefits to the nearby communities include the park's amenities and green space. Thank you for your consideration.
Katie Hensley	I do not support giving additional funds to the police. Our police force has shown that they continue to kill people despite expensive reforms that have been put in place. It's time to hold our police accountable by rerouting funding into areas where it will really make a difference: housing, mental health resources, parks, and libraries.
Izabel Acosta	My name is Izabel Acosta. I would like for the park located off 55th Ave and Samantha Way to be built. This would be in Laveen, AZ. I'm a resident of the Paseo Point community.
Caitlin OHara	We need to fund a low barrier shelter for our neighbors, not 75 new positions for Phoenix Police.
Josh Bennett	We're thanking the Mayor and Council for its support of the arts sector with COVID relief money this past year and endorsing the City Manager's trial budget that increases the Phoenix Office and Arts and Culture budget by \$200,000 -- \$110,000 for grants, \$60,000 for public art maintenance, and \$30,000 to support youth, professional development, and community programs. Joanna Martinez	I can't support more money going to Phoenix PD. If your goal is to increase transparency, foster trust, and increase the safety of civilians and officers, contact between community members and police needs to be reduced. You do this with a crisis assistance program organized and led by the community, independent from police and fire departments, as well as ICE. You fund this organization using funds from the police budget. More money used for civilian positions is an excuse, not a solution.
Jess Paul	Please fund the Park at 55th Ave and Samantha in Laveen so it can be completed. This land that has been designated for a city park, but has sat undeveloped, covered in weeds, and fenced off for, 14 years. The families of Bridlewood and surrounding Laveen deserve more parks and green spaces! Please approve and provide the funding to build and maintain the park. We do not want this land to be rezoned for more condensed housing options, please build the park. Thank you!
Jena Chalmers	I urge you to reject this budget. It allocates entirely too much money for Phoenix PD, an action that has been tried and failed to make our community safer. Please reject this budget in favor of one with allocates our resources toward making our community stronger and safer through affordable housing, public transportation, and education.
Jeremiah Beltran	I am in support of funding the park on 55th ave and Samantha Way. This has been passed over for more than a decade and growing families in the community would benefit greatly from an area of common community to share time together. Please follow through on this project and build a park our communities families, friends, and children can finally enjoy.
Hana Hehman	I am against the 75 new civilian positions for Phoenix police. PPD says it's necessary to increase transparency, but every attempt by police to increase transparency and training have failed. We need access to public records from police, but continuing to add more people to a rotten system isn't going to fix anything. Police records need to be handled by the City Clerk's office.
Rista Toomer	Support a crisis assistance program that meets the NOCAP demands.
Hali Hartsock	Please support a crisis assistance program that meets the NOCAP demands. No more money to Phoenix Police!
Anita Nath	<p>No 75 new civilian positions for PPD. Covid relief for the people, not police. Move \$10 million from the PPD's crime suppression squad. Move \$15 million from PD to pay for a new crisis response program that keeps people safe from PPD.</p> <p>We demand funding for:  Free transportation and bus only lanes  Rehabilitation services &amp; center in West Phoenix  Low barrier shelter and affordable housing  Reparations  Green New Deal</p> <p>Reject this budget until the process for MOU negotiations become fully public.</p>
Anna Mueller	The city of Phoenix should invest in NOCAP - please fund crisis assistance programs that bring the appropriate attention to those struggling with mental health. I believe this would alleviate the police workload while simultaneously decreasing unnecessary aggression and violence - noncriminal/nonviolent cases require behavioral experts.

Kara Roschi	While I support the inclusions for Arts & Culture, Equity & Inclusion, and Heat Response & Mitigation, I cannot in good faith support a budget that increases funds for an outmoded, bloated, inefficient and abusive policing system with a disgraceful monopoly on our tax dollars. Our communities are better served through a thoughtful multiplicity of targeted services, like crisis responses uncoupled from the criminal system (NOCAP), funded through a continuing \$20m offset from the police budget.
Trystan Youngjohn	The budget for the PPD is ridiculous, and is better off put directly back into the community in the forms of improved public transportation, rehabilitation services, and public housing. Move \$10 million from the PPD's crime suppression squad and put it toward real community needs instead. Move an additional \$15 million from police to pay for new crisis response program. One that ACTUALLY serves this community. Lastly, reject this budget until the process for MOU negotiations is fully public.
dianne post	For 40 years we have worked to get a citizens oversight commission to police the police. Still we are told we need more community input, it's not needed, they can police themselves, no one understands - enough already. We are the only large city without a citizens commission. It's obvious they cannot police themselves. No raise for police, make them pay for all lawsuits out of their own pension fund, make every officer carry malpractice insurance. We are done.
kevin pitts	Phoenix needs to be a leading-edge city and move at least \$10 million to a crisis response team and scale back the scope of police work in the city. It is the only way forward.
Rebecca Denis	NO MORE MONEY TO PHOENIX POLICE! No to 75 new civilian positions for Phoenix police Move \$10 million from the phx police crime suppression squad COVID relief for the people, not police \$15 million from police to pay for new crisis response program Our communities demand funding for: Free transportation Rehabilitation services and a center in West Phoenix Low barrier shelter/ housing support I reject this budget until the process for MOU negotiations becomes fully public
Jisoo Kim	PPD budget is, as always, unjustifiably large. NO 75 new civilian positions for PPD. Move \$10 million from the PD crime suppression squad. Move \$15 million from PD to adequately pay for a new crisis response program that keeps people safe from PD.  We demand funding for: Rehabilitation services & center in West Phoenix Low barrier shelter/housing support Reparations Green New Deal  REJECT this budget til the process for MOU negotiations become fully public.
Alexa Aguilar	Stop investing tax money into police. We need to invest in free transportation for youth, parents, rehab, and housing/shelter support. We need to relocate money to places that will actually have a positive impact in our communities.

I fully support the Shade and Tree Master Plan and the Cool Corridors Program. 2,000 people died from heat exposure in Arizona from 2009-2019. Over 200 people died last year from heat exposure - twice that of previous years. This is an economic issue for Phoenix, and a life and death issue for residents.</p>
Jennifer Mullins	<p>Please support a crisis assistance program that meets the NOCAP demands. Money should not go to more policing but intervention by those who are most affected by the pandemic. Janelle Wood	I support the New Office of Diversity, Equity and Inclusion in the City Manager's Office. I want the City of Phoenix to fund the Neighborhood Organized Crisis Assistance Program to establish an official first responder department separate from the police department for noncriminal and nonviolent dispatches.
Emily Cowles	The whole country has heard about how well the mental health teams instead of police responding to crises in Denver worked. We can make that a reality in Phoenix too. Invest in NOCAP. Investing in these programs will allow for space to divest from police because they will be going on less calls. As someone who has worked in the mental health field for over four years, I have many stories of police mishandling my clients and causing them more trauma leading them on an endless cycle. We need NOCAP
Vannetta Gray-Battle	Please support a crisis assistance program that meets the NOCAP demands.
Rozhan Lindsay	I demand that the city establish a crisis assistance program that is fully funded, independent of law enforcement and has direct community oversight. We don't need to fund further police violence making them think they are above the law.
Sara Myers	Please support a crisis assistance program that meets the NOCAP demands. It is the only humane option in this scenario that could lead to an equitable future for all.
Cynthia Williams	The budget for policing should be focused not on hiring more officers with more guns, but in hiring behavioral and emotional health experts who can de-escalate situations with a partner. The culture of the department should be honestly evaluated by a third party and issues of micro-aggression and the criminalization of black and brown people should be addressed honestly.
Rebekah Young	Please listen to our cries. We cannot support this budget because it adds more money to police. We are begging you to reallocate those funds to shelter our homeless neighbors, or a critical response team that is NOT police for mental health calls. NO MORE MONEY FOR POLICE. NO MORE STREET SWEEPS.
Amanda McVay	Oppose. Phoenix needs to establish a crisis assistance program that is fully-funded, independent of law enforcement, has direct community oversight, and features first responders trained in de-escalation and identifying mental/behavioral health problem. It is essential that the Phoenix City Council support a crisis assistance program that meets the NOCAP demands, in order to meet the needs of the diverse inhabitants of Phoenix and the surrounding communities.
destiny cobb	OPPOSE
Eduardo Morales	As a resident of district 4, I want to demand that we stop investing more than half of our tax money into police. Police who have time and time again showed us how violent and murdering they are. Police are rooted in anti-black, racist culture and do NOT deserve to be the ones to decide whether I live or die. I need you all to divest from police and invest in free transportation for youth, parents, rehab, and housing/shelter support
Xitlalli Sierra H	As a resident of d7 and student of d5, I want to demand that you all divest from police and invest in free public transportation, a bus only lane, rehab/mental services, and housing/shelter support. This is my tax money! & I dont want more than half of my money to go to a police that will take away my black and brown sisters and brothers
Jenn Mondolino	Oppose. Instead we need to establish a crisis assistance program that is fully-funded independent of law enforcement, and has direct community oversight.

jennifer Hernandez	As a resident of district 7, I want to demand that we stop investing more than half of our tax money into police. I need you all to divest from police and invest in free transportation for youth, parents, rehab, and housing/shelter support
Kate Robinson	Phoenix needs a fully funded crisis assistance program independent of law enforcement, with direct community oversight.
Lindsey Jones	I oppose this as we need to establish a crisis assistance program that is fully funded, independent of law enforcement, and has direct community oversight.
Katherine Houston	We're demanding that the city establish a crisis assistance program that is fully funded, independent of law enforcement, and has direct community oversight.
Carolyn Heinzer	I strongly oppose this. We need the city to establish a crisis assistance program that is fully funded, independent of law enforcement, and has direct community oversight. People struggling with mental health are 16x more likely to be killed by police, and a better crisis assistance program can and will save lives.
Kelsey Davis	I oppose this as I believe we need more mental health and crisis assistance specialists. As a professional in conflict resolution and mental health, I am appalled since moving here from Colorado to see the lack of mental health support in both the educational and public systems. We need people who know how to de escalate and provide services that police cannot. I wrote this desiring to have more funds placed towards a crisis assistance program instead.
Lauren Hood	I ask the Phoenix City Council to support a crisis assistance program that meets the NOCAP demands.
Zoe Wong	We need a crisis assistance program that is fully funded, independent of law enforcement, and has direct community oversight. People struggling with mental health are 16x more likely to be killed by police. As we relive the painful death of George Floyd while watching the Chauvin trial, your moral conscience should call on you to act. Let's save lives from police violence.
Mary O'Brien	I ask that the City of Phoenix establish a crisis assistance program that is fully funded, independent of law-enforcement, and has direct community oversight. No more funding to an overinflated public safety budget whose police force has time and time again worked against its own community.
Arlene Mahoney	There are proven ways to reduce crime that doesn't involve pouring even more money into the police. We need to fund things that provide social stability- housing and education. There is no evidence to support providing the police with more money will do anything but lead to more inequality, community distrust, and the murder of black and brown people at the hand of the police.
Ritta Fagain	I encourage you to consider renewal & expansion of the PHXbizConnect HUUB platform so that businesses can continue to get support in this critical time. As a business owner in Phoenix, this tool has been vital to helping me navigate the pandemic & even grow. I believe this platform should be a standard tool for all cities, but especially Phoenix. I would love to see the city invest in offering free consultants through HUUB's 24/7 online tool to help us grow our businesses.

Megan Sleeper	Reallocating \$10 Million from Phoenix PD's "Crime Suppression Squad"; Saying no to 75 new civilian positions for Phoenix PD; COVID relief for the people, not police; Funding in marginalized communities for: Free transportation, rehabilitation services and a center in West Phoenix, low barrier shelter/housing support; AND rejecting the flimsy proposed CAP program for police accountability in favor of the much more robust and genuine proposed Neighborhood Organized Crisis Assistance Program
Benjamin Lewis	We should AT LEAST be spending \$60M on an INDEPENDENT department to run our city wide crisis assistance program. Phoenicians need a non violent alternative when calling 911. We need to re-invest the money we are giving to PHX PD for RAISES (\$60M) to fund crisis response. Mental Health and Addiction are only deadly problems when the police interject themselves into the process. Policing isn't the answer so we must invest the solution of no barrier housing, non violent responsive care & no PD raise
Karen Jean Martinson	I fully support finding an independent crisis assistance program, one that is separate from police, accountable to the public, and focused on non-violence in approaching Phoenicians in mental health distress and other non-threatening crises. Vote to support the NOCAP plan, which will save lives and provide care. Take the police out of mental health and addiction crises, and send trained, accountable, caring first responders instead.
Veronica Lorenzen	Fund NOCAP, no more money for PPD. The city is demanding crisis assistance that is independent of current first responders and does not report to the police or ICE. Community oversight and control, along with continued funding, will be critical to the success of the program. Please allocate funds for NOCAP.
Rebecca Menjivar	NO MORE MONEY TO PHOENIX POLICE! No to 75 new civilian positions for Phoenix police Move \$10 million from the phx police to crime suppression squad COVID relief for the people, not police \$15 million from police to pay for new crisis response program Our communities demand funding for: Free transportation Rehabilitation services and a center in West Phoenix Low barrier shelter/ housing support I reject this budget until the process for MOU negotiations becomes fully public
Stefanie Whitman	I do not support the city giving the PPD more money or finding money in the budget for PPD. You need to be allocating/reallocating these funds to departments like NOCAP. We need to start having more community focused resources because this is the only way to move forward. We need to provide mental and behavioral health assisted programs for us that is INDEPENDENT of law enforcement.
Faith Mullender	I support funding an independent agency that is focused crisis assistance and has direct community oversight. We know the PD is overfunded, leads to the incarceration and death of people experiencing homelessness and mental health issues. A trained team of unarmed crisis intervention responders has been a proven method of supporting the community in cities across the country and people are almost never ticketed, arrested, or murdered. Please fund this initiative!
Amanda Chlan	I support the program that is creating programs to help the community. However it should be done independently from other departments and have community oversight.

Denise Romesburg	I fully support establishing a fully funded \$20 million Alternative First Responders Program to respond to mental health, homelessness, drug addiction and other calls. It should be independent of other departments, have community oversight, and have secure long-term funding.
Frank Dever	Resident of district 8 asking the council to please include 156,000 in the budget to fund maintenance of a new park at 55th Ave & Samantha
Blake Benard	A smart city budget should reflect the needs of its constituents. This proposal allocates too much to the PPD. As a result other needs the community is calling for are being ignored. I support adjusting the budget to include a Crisis Assistance program independent from current first responders. It must have community control, an initial \$20 million in funding & not report to PPD or ICE. Future funding will come from the surplus police budget as the program grows & the need for PPD decreases.
Diana Dunaj-Kullman	I encourage you to consider renewal & expansion of the PHXbizConnect HUUB platform so that businesses can continue to get support in this critical time. As a business owner in Phoenix, this tool has been vital to helping me navigate the pandemic & even grow. I believe this platform should be a standard tool for all cities, but especially Phoenix. I would love to see the city invest in offering free consultants through HUUB's 24/7 online tool to help us grow our businesses.
Molly Spilger	Absolutely no additional funding to the PHX PD. More money to police DOES NOT equal non-racist, and non-violent cops. Racism and violence are encouraged when the city allocates more funds to an already corrupt PD. Allocate more funds to providing housing, healthy food access and mental health resources for the unsheltered population. More money for community youth programs that do not involve PHX PD volunteers or PHX PD financial support.
Ginnie Ann Sumner	<p>Most of the times our flatland parks are open a park employee isn't on site. If there's a problem/an issue, park visitors don't have a way to get information or help other than the police. Most problems require immediate attention and not a call back the next day.</p> <p>PHX311 will only work only if it's answered after 5pm Monday thru Friday and weekends.</p> <p>I support a phone number available during the hours our parks are open and posted on park signs. One phone could rotate between Rangers.</p>
Cynthia McWhorter	No more money for Police. Invest in the community instead. Phoenix has made half-hearted attempts at emergency first-responder programs in the past. All of the previous attempts failed because city officials were not committed to fully funding the program. Using surplus funds this year is not a secure long-term source of funding. Additionally, only \$3.4 million for "ongoing" spending is not enough for a fully functional program that can respond to all the calls for mental health assistance.
Julie Gipe	NO pay raises or any additional funding to the police department. Reallocate the funds to much needed services (mental health, education, climate preparedness) which will improve our society and our people. If we allocate money where it will actually make a positive impact in our communities, we'll all benefit from it. However, if we continue to carelessly overinflate police budgets, we'll continue to deteriorate as a society. Let's invest in specialized services that work; not more police.
Ricardo Lugo	Please add the park at 55th ave and Samantha in district 8 to the budget.

Pk Ma	Wait wait wait. I thought we were all on board for DEFUNDING and restructuring the LEO..... unless this extra money is going to fund social workers that respond with officers or somehow provides some sort of equipment to better hold them a holez accountable this can
Erin Rugland	I cannot support a budget that increases funding to an inflated and ineffective police department. It's a shame because there are some great budget initiatives, particularly the Climate Change and Heat Resilience items, but how can you claim to try to improve the quality of life of low-income communities through heat reduction if those communities will still be heavily policed?
Vanessa Munroe	I am not in support of the proposed spending budget for the city of Phoenix. I do not support funding the Phoenix Police Department or providing any special protections for those officers. If we want to bring real change and growth, we need to listen to the true needs of our community. The supporters of this bill are not applauding the potential budget spending on police, but rather the arts and climate change and building the park for the people near 55th and Samantha Way. Stop police funding.
Eva Valencia	I don't support the proposed Phx PD's budget or giving police any potential Covid Relief or surplus funds. The police department is overfunded and lacks transparency and accountability. Invest in our communities by funding programs that assist and enrich Phoenixians' lives: parks, free transportation, housing assistance, rehab assistance, the arts, and climate change mitigation!
Donna Reiner	As the past chair of the Arts & Culture Commission, I applaud the trial budget that increases the Phoenix Office & Arts and Culture budget by \$200,000 -- \$110,000 for grants, \$60,000 for public art maintenance, & \$30,000 to support youth, professional development, & community programs is super! As the past chair of the Historic Preservation Commission, thank you for the additional funds for grants which is greatly needed. W/ no bonds, this is an underfunded program.
MK Zeeb	mayor. members of city council. the people know the truth. so do you. or, at least you used to know it? listen to the people's direct experiences. the people's needs. and act from that place. clean up this budget. no more money for phoenix police. stop feeding the disease. it's the people's money. be brave. collaborate in building a new world, where everyone has access to health, safety, mobility. including your children. do it! take the leap. feel your heartbeat quicken. pulse, pulse.
Patricia Ewanski	I applaud the inclusion of \$2.8M for Climate Change and Heat Readiness initiatives to increase the community's capacity to prepare for and respond to both extreme heat events and the increasing frequency of high temperature days; increase shade canopy and ensure equitable distribution of City services. I support and hope to see the investment in climate, sustainability, environmental and equity leadership and programs continue as a permanent and critical part of the City's operations.
Bailey Reynolds	I applaud the inclusion of \$2.8M for Climate Change and Heat Readiness initiatives to increase the community's capacity to prepare for and respond to both extreme heat events and the increasing frequency of high temperature days; increase shade canopy and ensure equitable distribution of City services. Veronica Baca	I am in support of building the park on 55th ave and Samantha. I have 3 children and need a park we can safely walk to. The nearest park is 3 miles away. This is unacceptable. Please build a park for our children .
amanda Morales	No new money for the Phoenix PD. Utilize funds freed up from not hiring new cops to pay for the proposed crisis response program. Fund public transport and improve the quality of service provided. Increase the amount of bus & bike only lanes. Fund accessible mental health resources that reach the most vulnerable. Fund addiction and substance abuse resources, fund resources for youth in Black and Brown neighborhoods. Don't use COVID relief money to cover PhxPD bonuses. Stop over relying on PhxPD.
Melissa Huapaya	Arts and Culture is critical to the learning, creativity and vitality of our community. I would like to thank the City Council for demonstrating continued dedication to arts organizations & artists through emergency relief funding and prioritization in this budget. These additional funds will allow for more inclusive programming and critical maintenance of public art to enhance wellness & sustainability of our city. Thank you again for your continued support for the Office of Arts & Culture.
Tara Lowman-Rojas	Defund the phoenix police and fund community programs that actually keep us safe.
Amy Miao	I am a resident of district 8 in Laveen. Our population in Laveen has exploded but the number of city parks has not kept up with the growth. There are funds set aside to build our neighborhood park at 55th Ave. and Samantha way, but we need the council to allocate \$156,000 for annual maintenance budget Right Now!! We have been waiting for this park for over 12+ years. The kids need it, the neighbors need it and we all need it! Thank you so much! Please build it ASAP!
Kristi Bursaw	I would like to advocate for the budget to include the building and maintenance of the city park for the 55th Ave and Samantha Way. There are 2 large schools, many families, and a rapidly growing community in this area. We do not have any city parks for 3 miles and we cannot safely ride our bikes there without crossing busy intersections with our young families. Since there is a surplus in the budget this is the perfect opportunity to make this long awaited park a reality. Thank you!
Karen Buchmann	Please add whatever funding required for construction and maintenance for the Park at Samantha Way and 55th Ave in Laveen. For 14 yrs the Bridlewood neighborhood has been lacking green space and amenities since the park was supposed to fulfill the city requirements. The trial budget lists a huge number of new jobs being funded in a variety of areas. Providing adequate funding for public safety and the Community Advocacy Program is beneficial to keep the city peaceful and secure
charles allen	I fully support the creation of an Office of Heat Response and Mitigation, the food systems program, the addition of funds conduct GHG inventories and provide modeling and analysis regarding air quality to assist with implementing the City's newly created Climate Action Plan, the additional Parks funding to add staff for a citywide tree inventory and database, the Cool Corridors Program, and the creation of the office of equity and inclusion.
Kelley Villa	As a resident of District 4 and food systems advocate, I applaud the inclusion of \$300K in funding to Environmental Programs to fund a Program Manager to oversee food programs and carry out the implementation of the Phoenix Food Action Plan. I and my colleagues support this important investment and hope to see the investment in food systems personnel continue as a permanent and important part of the Environmental Programs operations. Thank you.

Corin Puckett	<p>Unacceptable, PHX PD is one of the most violent and harmful in this country. NO pay raises for phx police! No COVID relief money to pay police bonuses! No bonuses to cops involved in the SAU! No to 75 new civilian positions for Phoenix police! Phoenix police should cut the number of officers employed by the department and reallocate that money to:</p> <ul style="list-style-type: none"> <li>Mental health resources in Black and Brown neighborhoods</li> <li>Resources for youth in Black and Brown neighborhoods</li> <li>Free public transportation</li> </ul>
Adrienne Udarbe	<p>On behalf of Pinnacle Prevention providing food systems services and support statewide and in the City of Phoenix we applaud the inclusion of \$300K in funding to Environmental Programs to fund a Program Manager to oversee food programs and carry out the implementation of the Phoenix Food Action Plan. We support this important investment and hope to see the investment in food systems personnel continue as a permanent and important part of the Environmental Programs operations.</p>
Ciara Lv	<p>This trial budget still lacks a focus on the people. If you merely look at the budget tabloid published by the City, you can see the bulk of expenditures is to be spent on police...to the tune of nearly \$600 MILLION! The trial budget also proposes an additional \$3.7 million as if half a billion dollars is not enough. Focus should be on affordable housing, cultural activities, community-led response teams, first time homeowner programming...something to lift us up. Not the bloated Phoenix PD.</p>
Carol Poore	<p>Phoenix public art is an important investment with payoffs: Placemaking for city identity, economic development, quality of life, civic pride, increased home values, community conversation. Thank you for sustaining the arts during the pandemic and with this budget. Your support of public art maintenance and arts/culture programming through our Office of Arts &amp; Culture is leading Phoenix into a vibrant future.</p> <p>With gratitude, Carol A. Poore, Ph.D.-Board Chairman, Friends of Phoenix Public Art</p>
Mike Abegg	<p>I would like to provide my support for funding new parks in newly developing areas. I believe that the undeveloped park on Samantha would be a benefit to the community and request it be added to the city budget this year.</p>
Margaret Shalley	<p>This is a balanced approach by allocating funding for critical needs (homeless, mental health, etc.) while still fully funding our PD. We can accomplish both without sacrificing one or the other, and we need more services - especially in fast growing Laveen. We have been underserved for years and that needs to change. Please finally replace the vacant blighted lots here with the long-planned parks, starting with 55th Avenue and Samantha. Also, please give SW Phx back our Estrella Precinct.</p>

# FundPHX Monthly Report 2021-22 City Manager's Trial Budget

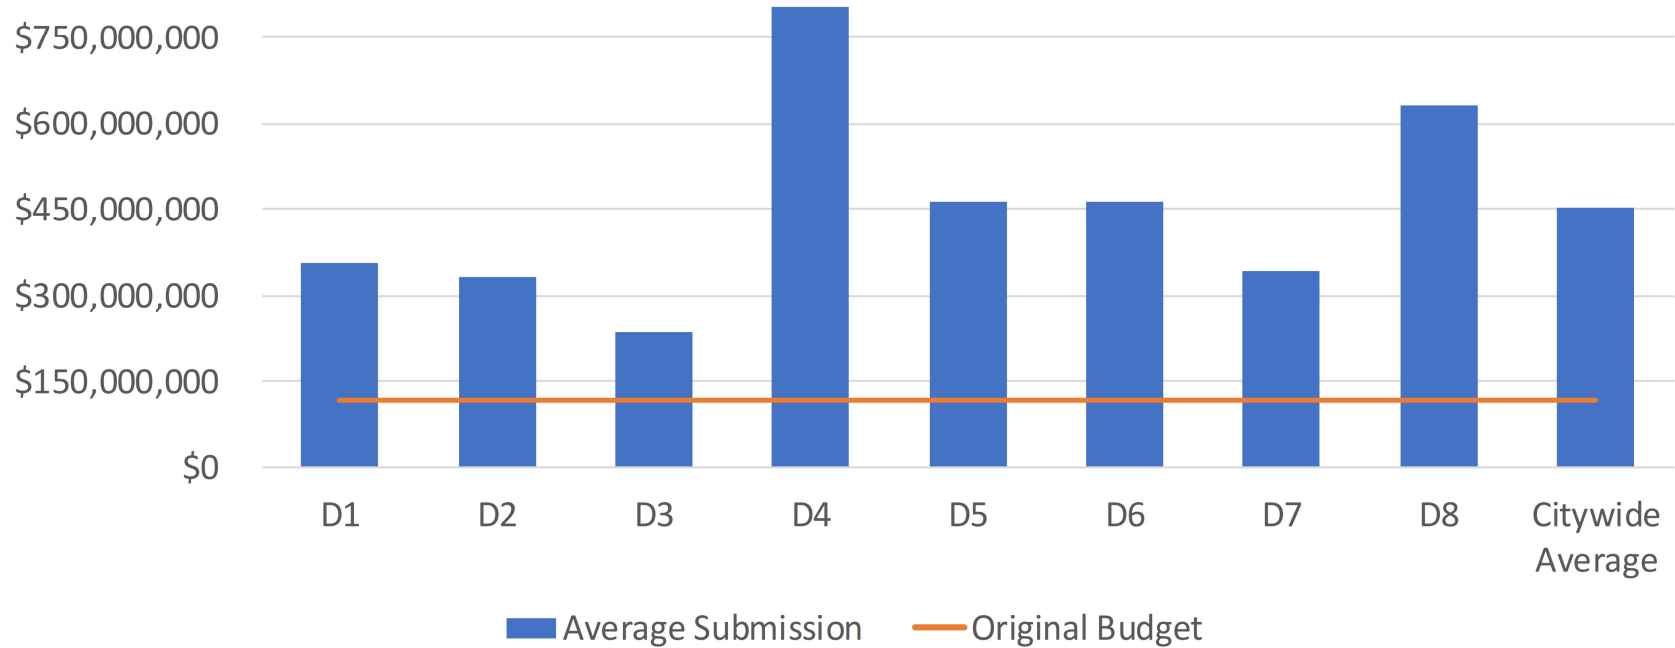

## Executive Summary

FundPHX is an online budget tool designed to educate and engage the public in the city’s annual budget process. The tool, updated April 1, 2021, with the proposed 2021-22 General Fund Trial Budget of \$153 million gives residents an opportunity to provide feedback on current funding levels and share community priorities with city staff. Between April 1 and April 23, 2021, staff received 34 City Manager's Trial Budget FundPHX submissions, including four responses from District 1, three responses from District 2, two responses from District 3, eight responses from District 4, four responses from District 5, four responses for District 6, three responses from District 7, and six responses from District 8. The report provides submissions by category and for each proposed item included in the Trial Budget. Comments received via FundPHX are also responded to by Budget and Research staff as appropriate.

**Public Safety Reform and Responsiveness: \$20,510,000**

*The percent of residents indicating "yes" or "no" for the Public Safety Reform and Responsiveness category, by district*

## Public Safety Reform and Responsiveness

Fire - Paramedic Training: \$382,000

Add funding for two Paramedic Training Coordinators and one Admin Aide positions. These positions will support current and future programs of Emergency Medical Services, including the addition and implementation of a new electronic patient care reporting (EPCR) system. These positions will restore previously eliminated positions from prior budget reductions.

N = 34

## Public Safety Reform and Responsiveness

Fire - Radio Repair: \$260,000

Add funding for one User Technology Specialist to support the maintenance and repair of radios used by Firefighters. Add funding for one Admin Aide to provide administrative support to the Phoenix Fire Regional Dispatch Center. The one-time costs include one vehicle, technology equipment, and office space reconfiguration.

N = 34

## Public Safety Reform and Responsiveness

Fire - Crisis Response: \$15,000,000

Expand the City of Phoenix Community Assistance Program in order to provide additional resources for responding to behavioral, mental health, and crisis response calls-for-service received by the Fire and Police departments. The one-time cost represents a set-aside for the phased-in approach of the program expansion, across two to three years. The ongoing cost represents the estimated staff and equipment that will be implemented the first year of the expansion.

## Public Safety Reform and Responsiveness

Fire - Fire Dispatch: \$87,000

Add funding for 10 new positions consisting of two Fire Communications Supervisors, two Fire Emergency Dispatcher Leads, and six Fire Emergency Dispatchers for the Phoenix Fire Regional Dispatch Center (PFDRDC), which provides 9-1-1, fire, and medical emergency call-taking and dispatching services for the City of Phoenix and 26 other jurisdictions. Funding is shared between the City of Phoenix (50%) and the 26 partner jurisdictions (50%). In FY 2020-21, the City Council approved eight positions fully-funded by the City of Phoenix, with the shared cost beginning in FY 2021-22. The FY 2021-22 cost shown represents additional funding needed for one position, since eight are already funded in the General Fund. The cost of the remaining nine positions will be paid for by the partner cities.

## Public Safety Reform and Responsiveness

Human Services - Traumatic Incident Liaison: \$93,000

Add a Caseworker III position to assist with relatives of decedents, incapacitated individuals and juveniles as a result of a police interaction. Relatives of decedents may not be entitled to victims' rights advocacy until the determination of a criminal offense. This position will provide case management services to relatives to address needs outside of the criminal justice system.

## Public Safety Reform and Responsiveness

Municipal Court - Intake, Transfer, and Release (ITR) Staff: \$133,000

Add two Bailiff positions to provide judicial and operational support in a criminal courtroom located at the new Maricopa County Intake, Transfer, and Release Facility that opened in November 2020. This criminal courtroom is designed to handle initial appearances for individuals who have been arrested and held by the City of Phoenix. Funding would provide for the continued processing of cases in a timely and efficient manner.

N = 34

## Public Safety Reform and Responsiveness

Municipal Court - Orders of Protection: \$224,000

Add one Court Interpreter and two Court/Legal Clerk II positions to support the operations of the Order of Protection Office. In September 2019, the Phoenix Municipal Court implemented the mandated firearm transfer process for defendants that are deemed a credible threat in an Order of Protection (OOP) case. Additionally, in January 2020, the Arizona Administration Office of the Courts (AOC) required the utilization of an on-line public portal system. Both process changes have caused increased staff workload and wait times. Staff and resources are needed in a customer service capacity, for administrative documentation and translation services.

## Public Safety Reform and Responsiveness

Police - Public Records Support: \$1,000,000

Add funding for nine Administrative Aides, three Forensic Photo Specialists, two Administrative Assistant I, and one Forensic Photo Specialist Lead positions, to provide additional staff support for the Public Records and Services Unit. These positions will help eliminate public records request backlogs, ensure timely request processing, and improve overall customer service and transparency.

N = 34

## Public Safety Reform and Responsiveness

Police - Early Intervention: \$298,000

Add funding for two Administrative Aides, one Management Assistant I, and one Police Research Analyst position, to support the Early Intervention System (EIS). These positions will ensure timely and accurate data and implement intervention recommendations, with the goal of identifying employee risk and preventing adverse events.

## Public Safety Reform and Responsiveness

Police - Data Transparency: \$1,009,000

Add funding for staffing required to meet federal National Incident-Based Reporting System (NIBRS) standards, additional demands for increased transparency in policing and timely publication of data, and increased workload due to Proposition 207's requirement to purge prior criminal records related to marijuana offenses. This funding will allow for 22 ongoing positions, including 12 Police Coding Clerks, six Admin Aides, two Police Records Clerks, one Criminal Intelligence Analyst, and one Police R&I Bureau Shift Supervisor. It also includes funding for 12 temporary part-time Police Coding Clerk positions.

## Public Safety Reform and Responsiveness

Police - Civilianize Central Booking: \$0

Add funding for 18 temporary Detention Officer positions and four temporary Detention Supervisor positions in the Centralized Booking Detail. These civilian positions will take the place of sworn positions, allowing officers to be redeployed to higher priority duties. Vacancies in the department will offset the cost of the new positions.

## Public Safety Reform and Responsiveness

Police - Police Reform Reviews: \$500,000

To support police reform, community trust, and enhanced transparency we are recommending a comprehensive review of the Phoenix Police Department. Funds will be used to hire independent third-parties that have a demonstrated track record with assisting police departments across the country achieve these goals. Reviews will include practices and policies, stakeholder and community feedback and provide recommendations for improvement.

## Public Safety Reform and Responsiveness

Street Transportation - Pedestrian Safety: \$600,000

Add funding as part of the Roadway Safety Action Plan adopted by City Council on March 2, 2021. The plan addresses comprehensive roadway safety issues on City streets. The effort will be funded using the General Fund, the Transportation 2050 fund (T2050), and the Arizona Highway User Revenue fund (AHUR). The General Fund portion being requested is six-hundred thousand per year over five years.

## **Public Safety Reform and Responsiveness**

### **Comments:**

1. Elizabeth Kiernan (District 1) requested additional funding for crisis response and conversion of City spaces to pedestrian-only areas.
2. Jena Ingram (District 2) requested additional funding for crisis response, 911 operators, and Police public records. She was opposed to additional funding for Police reform reviews.
3. Nicole Rodriguez (District 4) was opposed to additional funding for Fire, Municipal Court, Police, and Street Transportation.
4. Julie Degraffenreid (District 5) suggested reduced funding for crisis response and further planning.
5. Smith Jones (District 5) requested additional funding for crisis response.
6. Owen Swenson (District 6) stated that the City should draw from existing, off-duty personnel or contract with nurses and doctors for Fire's Paramedic Training positions, since these positions have historically been eliminated. He suggested outsourcing the Fire's Radio Repair position. Mr. Swenson requested additional funding for Municipal Court's Orders of Protection positions. He suggested researching new technologies, best practices and system improvements, and contracting with a data processing company to handle clerical issues related to Police Public Records Support and Data Transparency funding. Mr. Swenson suggested retraining and reassignment of Police management to prevent position-based bias. He requested that mental health and domestic dispute response be handled outside of Police resources. Mr. Swenson asked whether there were any consequences for Police officers who targeted peaceful protestors as gang members. He requested additional funding for Police Reform Reviews.
7. Aimee Esposito (District 7) was opposed to additional funding for Police. She stressed the importance of processing Police data in a timely manner. Ms. Esposito requested pedestrian safety money be allocated to walkability, bike lines and Public Transit.

**COVID Response and Resiliency: \$2,603,000**

*The percent of residents indicating "yes" or "no" for the COVID Response and Resiliency category, by district*

number of submissions (N) = 34

## COVID Response and Resiliency

City Manager's Office - Public Health Advisors: \$150,000

Continue funding for COVID-19 consultants, including medical experts, to advise the City on reopening facilities and providing up-to-date guidance from the CDC.

## COVID Response and Resiliency

Environmental Programs - Food Program: \$300,000

Add funding for a Program Manager to continue the COVID-19 emergency food assistance program, the 2025 Phoenix Food Day Action Plan approved by Council in March 2020, and community engagement by hosting educational events and workshops including Phoenix Food Day.

## COVID Response and Resiliency

Information Technology Services - City Services IT Support: \$585,000

Add contractual services funding to provide development support for the 311 and Learning Management System projects. Funding three additional Senior Developers will continue Citywide integration and mobile app development for these critical initiatives, which enhance citizen access to City services and provide a needed virtual learning environment for City employees.

## COVID Response and Resiliency

Information Technology Services - 311: \$350,000

Add contractual services funding for project management services of several large-scale projects that emerged due to COVID-19, including 311, the Learning Management System, enhanced security needs, and conference room technology upgrades. The City's 311 system significantly expanded due to COVID-19, providing enhanced connectivity to City services for residents. This expansion requires additional ongoing support to ensure continued seamless integration with City applications.

## COVID Response and Resiliency

Information Technology Services - WiFi Support: \$169,000

Add funding for one Senior Information Technology Systems Specialist to serve as a Senior WiFi Engineer. This position will provide ongoing support and management for the 50+ new public WiFi locations the City added during COVID-19 to address public need for WiFi. These locations are currently managed by a temporary position.

N = 34

## COVID Response and Resiliency

Information Technology Services - IT Support: \$354,000

Add one Lead Information Technology Systems Specialist and one Senior Information Technology Systems Specialist. These positions are needed to support security applications and additional infrastructure support required as a result of COVID-19 related enhancements.

## COVID Response and Resiliency

Information Technology Services - Remote Work Support: \$323,000

Convert one temporary Information Technology Systems Specialist and one temporary Senior Information Technology Systems Specialist to ongoing to provide coordination and administration of City video conferencing needs. The City continues to require vastly expanded video conferencing capabilities, which facilitates virtual work and helps ensure public access to City Council and other meetings. The temporary positions are currently being funded by vacancies in the department.

## COVID Response and Resiliency

Library - Hotspot and Laptop Loan: \$181,000

Add funding to continue mobile and self-serve computing services initiated as a result of the COVID-19 pandemic. These include cellular service for the MiFi hotspot loan program, annual maintenance for additional self-checkout payment kiosks, and security software for the laptop loan program.

### COVID Response and Resiliency

Public Works - City Hall by Appointment: \$191,000

Add staff and resources to support the operation of the appointment only counter at Phoenix City Hall and the Calvin Goode building. In response to COVID health concerns, three full-time Support Service Aide positions will support, coordinate and schedule appointments for residents and manage authorized access to these facilities. The appointment only desk is currently being staffed on a temporary basis with part-time Parks and Recreation staff that were displaced due to COVID closures.

## **COVID Response and Resiliency**

### **Comments:**

1. Jena Ingram (District 2) stated that public health should be handled by the State of Arizona Department of Health. She was opposed to additional funding for 311 and COVID. Ms. Ingram requested additional funding for public WiFi.
2. Julie Degraffenreid (District 5) was opposed to funding for Public Health Advisors, Environmental Programs and Information Technology Services. She requested contracting out the proposed positions.
3. Owen Swenson (District 6) suggested contracting-out City Hall by Appointment staff positions.

**Climate Change and Heat Readiness: \$2,832,000**

*The percent of residents indicating "yes" or "no" for the Climate Change and Heat Readiness category, by district*

number of submissions (N) = 34

## Climate Change and Heat Readiness

City Manager's Office - Office of Heat Response and Mitigation: \$475,000

This office will establish a cohesive strategy and action plan to address the growing hazard of urban heat, which threatens the City's economic viability and health and the well-being of vulnerable residents. This office will increase the community's capacity to prepare for and respond to both extreme heat events and the increasing frequency of high temperature days that adversely affect residents' and visitors' comfort. This office will build a research and practice-informed process to ensure that heat is addressed in an effective manner by using technology and innovative, locally-relevant solutions, providing preventative information and education, and encouraging coordination and cooperation among diverse stakeholders. This office will include a Chief Heat Response Officer, Tree Shade Administrator, Shade Infrastructure Manager, and an Administrative Aide.

N = 34

## Climate Change and Heat Readiness

Environmental Programs - Climate Change and Support: \$200,000

Add funding to support existing and future needs relating to air quality, climate and resilience planning. Funds will be used to conduct greenhouse gas emissions inventories, facilitate bilingual community engagement, implementation of the Climate Action Plan and efforts to reduce emissions.

## Climate Change and Heat Readiness

Fire - Solar Energy Inspection: \$0

Add funding for vehicles, supplies, and five new positions for a new energy system inspection program. The new positions include one Planning and Development Team Lead and four Fire Prevention Specialist II. This program will provide Fire Prevention the staff to conduct plan reviews and inspections of photovoltaic and energy storage systems. This addition is offset with \$698,000 in revenue generated from permit fees.

## Climate Change and Heat Readiness

Parks and Recreation - Parks Trees: \$674,000

Add staff and equipment to create an additional Forestry Crew to maintain the increasing Citywide tree inventory. The City adopted the Tree and Shade Master Plan in 2010 with a goal to double the tree and shade canopy by 2030. This has led to a significant increase in tree planting on City property and rights-of-way to mitigate the effects of the urban heat island in vulnerable neighborhoods that have a limited tree canopy and where residents have a greater exposure to heat while walking to transit, schools and work. The Parks and Recreation Department Forestry section provides Citywide tree planting, tree maintenance activity, technical support, and 24/7 emergency response for several City departments.

N = 34

## Climate Change and Heat Readiness

Street Transportation - Cool Corridors: \$1,483,000

Add funding for the Cool Corridors Program to plant 1,800 trees annually. Each year tree plantings will occur in one-mile roadway segments located in each Council district, plus a one-mile roadway segment for the Mayor's Office. This program will contribute to achieving the City's goals for the Tree and Shade Master Plan, reducing the City's overall carbon footprint and reducing climate impacts through the cooling effects of shade trees.

## **Climate Change and Heat Readiness**

### **Comments:**

1. Elizabeth Kieran (District 1) requested that the City replace palm trees with native trees.
2. Jane Koval (District 3) requested that cool corridors funding be allocated in short planting segments, existing trees be cared for and replaced if necessary.
3. Nicole Rodriguez (District 4) requested that the Chief Sustainability Officer perform the roles of Chief Heat Response Officer and Shade Infrastructure Manager. She stated that the Tree Shade Administrator should be titled Chief Urban Forester. Ms. Rodriguez stated that the chair of EQSC should be replaced and the City Manager's Office should work more closely with the Urban Heat Island, Tree and Shade Committee. She was in opposition to additional funding for Environmental Programs.
4. Owen Swenson (District 6) requested additional funding for Citywide green spaces and inner-city cool corridors.
5. JV Rich (District 6) requested additional funding for climate action measures, climate data analysis, solar energy, trees and cool corridors. She suggested investing in Cool White Paint for Streets projects.
6. Aimee Esposito (District 7) requested additional funding for shade, climate change and heat readiness, sustainability and equity initiatives.
7. Linda Abegg (District 8) requested additional funding for a park on 55th Avenue and Samantha.

**Affordable Housing and Homelessness: \$2,743,000**

*The percent of residents indicating "yes" or "no" for the Affordable Housing and Homelessness category, by district*

number of submissions (N) = 34

## Affordable Housing and Homelessness

Housing - Affordable Housing Manager: \$118,000

Add one Project Manager position to continue implementation of the Housing Phoenix Plan, focusing on redevelopment of City-owned land for mixed-income housing. This position will help to achieve the goal of creating or preserving 50,000 housing units by 2030.

## Affordable Housing and Homelessness

Housing - Santa Fe Springs Rehabilitation: \$1,400,000

Add funding to complete critical safety and infrastructure repairs at Santa Fe Springs Apartments. These repairs will address community safety and quality of life concerns, including improved lighting, cameras, and fencing, as well as the rehabilitation of deteriorated structures and amenities.

## Affordable Housing and Homelessness

Human Services - Employment Connection: \$89,000

Add a Workforce Development Specialist position to link with rapid rehousing programs to incorporate employment support by providing direct client services for individuals experiencing homelessness to better access employment benefits and training. This will support a key goal of the Strategies to Address Homelessness Plan by helping to achieve seamless, comprehensive, and integrated access to services.

## Affordable Housing and Homelessness

Human Services - Homelessness Strategy Support: \$88,000

Add an Administrative Assistant I position to support the Homeless Services Division by assisting with monitoring federal regulatory requirements for grant funds, contract and fiscal compliance as well as various administrative tasks needed to support the programs around the Strategies to Address Homelessness Plan.

N = 34

## Affordable Housing and Homelessness

Neighborhood Services - Neighborhood Specialist Homeless Strategies: \$99,000

Add a Neighborhood Specialist position to serve within a three-mile radius of the Human Services Campus. This position will work with businesses and neighborhoods to provide better communication, as well as a more coordinated team effort within the surrounding area by assisting neighborhoods in organizing community meetings, coordinating cleanups, and working with other City departments, partner agencies and the business community to bring needed resources to the community.

## Affordable Housing and Homelessness

Public Works - Human Services Campus Clean-Ups: \$815,000

Add funding to support the coordination and expansion of the Human Services Campus Clean-Up service. The request includes adding one Supervisor and two Solid Waste Equipment Operator positions, one Rear Loader, one Articulator Loader, and one Trailer. Positions will be in the Solid Waste Division of Public Works.

## Affordable Housing and Homelessness

Street Transportation - Street Cleaning: \$134,000

Convert federally-funded deep-cleaning process around the Human Services Campus and in the Sunnyslope area to General Fund. The process uses antibacterial chemicals and high-pressure sprayers to clean and sanitize the sidewalks and right-of-way surrounding the HSC facility and the right-of-way in the area of 10th Street and Hatcher. Service is completed once or twice a month.

## Affordable Housing and Homelessness

### Comments:

1. Elizabeth Kieran (District 1) stressed the importance of mixed-income housing on City property, including duplexes, casitas, and other forms of housing.
2. Jane Koval (District 3) requested additional funding for affordable housing and safe zones for individuals experiencing homelessness.
3. Tracy Adams (District 4) stated that the faith-based community would be better positioned than an Affordable Housing Project Manager to partner with the City to integrate the homeless population into the community. She stated that affordable housing programs do not solve the social issues causing homelessness, but creates and continues generational homelessness. Ms. Adams stated that the City should partner with the Phoenix Rescue Mission to achieve rehabilitation and break the cycle of homelessness.
4. Nicole Rodriguez (District 4) stated that Human Services Employment Connection should be contracted out to non-profits. She stressed the importance of Neighborhood Services Neighborhood Specialist Homeless Strategies.
5. Julie Degraffenreid (District 5) stated that more money should be allocated to shelters and housing rather than permanent clean-up staff.
6. Smith Jones (District 5) stated that the Affordable Housing Manager should have a lower salary and that section 8 housing apartments on Glendale Road between 19th and 15th Avenue, as well as the section 8 apartments on 17th Avenue should be torn down.

**Building Community and Responding to Growth: \$2,973,000**

*The percent of residents indicating "yes" or "no" for the Building Community and Responding to Growth category, by district*

number of submissions (N) = 34

## Building Community and Responding to Growth

Community and Economic Development - Retail Revitalization: \$301,000

Add funding for one Special Project Administrator and one Economic Development Program Manager to support Citywide retail revitalization projects. The positions will facilitate small business growth, redevelopment, and potential new development, including infill of commercial properties.

N = 34

## Building Community and Responding to Growth

Library - College Depot Expansion: \$210,000

Add an Administrative Assistant II position and a Caseworker II position for the expansion of the College Depot program to accommodate growing demand for additional GED classes, ACT/SAT prep classes, and one-on-one counseling appointments. The program expansion is projected to serve 291 additional students, offer 103 additional classes, and increase the one-on-one GRIT appointments by 546 hours.

## Building Community and Responding to Growth

Arts and Culture - Arts Grants: \$110,000

Increase funding for arts grants for nonprofit arts and cultural organizations. Arts grants enable artists, arts and culture organizations, youth, and neighborhood groups to carry out high-quality arts programming for all residents.

## Building Community and Responding to Growth

Arts and Culture - Arts Engagement: \$30,000

Add funding for youth arts and culture development programs, professional development and technical assistance for artists and arts administrators, and pop-up programming around the City to promote the Latino Cultural Center. This funding will supplement increasingly unreliable funding from the State of Arizona.

## Building Community and Responding to Growth

Arts and Culture - Public Art Maintenance: \$60,000

Increase funding for public art maintenance which would allow residents to enjoy the collection, showcase the City's initial investment, and help avoid safety issues with artwork in the community. Maintenance includes lighting upgrades, annual maintenance, and renovations to address wear and damage. The public art collection includes over 200 art installations.

N = 34

## Building Community and Responding to Growth

Parks and Recreation - Cesar Chavez Community Center: \$911,000

Add staff and supplies for the new Cesar Chavez Community Center, scheduled to open in the fall of 2021. The Cesar Chavez Community Center will offer a variety of activities to the general public. These activities will include special events, sports programs, specialty classes, adaptive/inclusive programs, out-of-school time sessions, field trips, and provide meeting space for events and community groups.

## Building Community and Responding to Growth

Parks and Recreation - Hance Park: \$260,000

Add staff and equipment for grounds maintenance at Margaret T. Hance Park. The Fiesta Bowl PLAY at Hance Park opened to the community in December 2020. As part of this phase, a new landscape design incorporating over 7,000 new plants and trees was added. Maintenance of this plant material will require staff with both horticultural and irrigation skills to maintain the new park amenities.

## Building Community and Responding to Growth

Parks and Recreation - Ranger Support: \$106,000

Add a Park Supervisor position to oversee the Urban Park Ranger Patrol Program. This position will manage daily operations, establish additional Field Operation Procedures, manage personnel issues and work directly with PhxCARES to increase contacts to individuals requiring services.

## Building Community and Responding to Growth

Parks and Recreation - Property Management: \$108,000

Add a Property Manager position to manage the maintenance of Parks facilities. The Parks and Recreation Department directly manages an estimated two million square-feet of indoor space, various specialty facilities (examples include: 29 public pools, South Mountain Tower site, historic buildings, museums, and Tovrea Castle), and outdoor park and trail amenities.

## Building Community and Responding to Growth

Parks and Recreation - Deem Hills: \$34,000

Add a part-time Groundskeeper position and supplies to maintain the Phase 3 project at Deem Hills Park, which includes: a sand volleyball court, a tennis court, pickleball courts, a large ramada, three small ramadas, a .7 mile nature trail interpretive loop, 25 additional parking stalls and other site furnishings like new trees, irrigation system and landscaping.

## Building Community and Responding to Growth

Parks and Recreation - Adaptive Recreation: \$68,000

Add staff and supplies to maintain the current Adaptive/Inclusive Recreation Program with General Funds upon the expiration of the existing donations and to expand the program citywide. This program started in March 2020 and is currently funded until March 2022 based on a two-year funding commitment from the Phoenix Suns. It offers adaptive recreation services to individuals with developmental disabilities and adaptive recreation programming and inclusion services for youth and adults, their families and caregivers to enhance quality of life and to promote inclusion. Failure to continue funding this program when the donations expire will result in the program not being able to continue leaving the City without any adaptive recreation programs.

## Building Community and Responding to Growth

Planning and Development - Adaptive Reuse: \$25,000

Increase funding for the Adaptive Reuse Program. The program provides resources to assist small business owners who are locating their businesses in Phoenix, and supports the City's re-energized clean construction efforts, resulting in the expanded use of underutilized/vacant existing buildings.

## Building Community and Responding to Growth

Planning and Development - Historic Preservation: \$200,000

Add funding for historic preservation grants to assist residential property owners in maintaining their historic properties.

## Building Community and Responding to Growth

Public Works - Flood Plain Management: \$107,000

Add one Civil Engineer II to support the Flood Plain Management program and assist in maintaining Federal Emergency Management Agency (FEMA) compliance to the National Flood Insurance Program (NFIP) and the Community Rating System (CRS) which provides insurance premium discounts for residents. This position is needed to assist in completing the increasingly complex compliance requirements.

## Building Community and Responding to Growth

Street Transportation - New Street Landscaping: \$147,000

Add funding to maintain street landscaping along newly developed and renovated streetscapes. This includes maintenance for new landscaping along the Grand Canal Phase II, Avenida Rio Salado from 35th Avenue to 51st Avenue, and the east side of 107th Avenue from Indian School Road to Camelback Road.

## Building Community and Responding to Growth

Street Transportation - Public Records Support: \$0

Add an Engineering Technician position in the Central Records Section to support increased public records requests for right-of-way, City infrastructure, facilities and private development plans and maps including paving, storm drain, traffic services, and procurement and street maintenance records for the public, media and legal request. This position will be charged out to departments for whom records are being requested regarding their projects.

## **Building Community and Responding to Growth**

### **Comments:**

1. Jane Koval (District 3) requested additional funding for Parks and Recreation Property Management. She stated that other parks in lower socio-economic areas should receive funding before Deem Hills. Ms. Koval stated she was in opposition to additional funding for historic preservation.
2. Nicole Rodriguez (District 4) stated that Police should provide community outreach on Parks-related issues and Park Rangers should be eliminated. She requested additional funding for street landscaping and the Phoenix Climate Action Plan. Ms. Rodriguez stated that Street Transportation staff should adopt mill and overlay recommendations from the City Auditor, provide greater transparency, and correct ADA issues on 16th Street and Osborn, 12th Street and Indian School, and 2nd Avenue and Grant.
3. Julie Degraffenreid (District 5) stated that College Depot should be expanded beyond Burton Barr and expressed her disappointment that the Fiesta Bowl was not paying to maintain Hance Park.
4. Owen Swenson (District 6) requested additional funding for Arts and Culture Public Art Maintenance. He stated that the arts are vital to a progressive city and do not receive enough support, particularly for performing and visual arts. Mr. Swenson suggested reallocating funding from Police, Fire, or Parks and Recreation to better fund the arts. He suggested that instead of funding Historic Preservation grants the City should either purchase historic properties able to become self-sustaining properties or designate properties historic landmarks to be maintained by private owners. Mr. Swenson suggested contracting-out the Flood Plain Management and Street Transportation Public Records Support positions.
5. Linda Abegg (District 8) stated that any money for Historic Preservation would be better utilized on infrastructure that would benefit thousands of people, rather than expenses for a few individuals.

## Administrative Accountability

City Clerk - Election Transparency: \$300,000

Add funding for consulting services to perform a strategic assessment of the City's election services information technology needs. This would include the evaluation of the existing application portfolio and the development of a strategic, multi-year plan. Additional requests for funding will follow in future years, once an overall information technology strategy is approved. Improving the information systems supporting election services will enable the City to meet the need for increased transparency in elections, and for voters, candidates and elected officials to more easily engage in the elections process.

## Administrative Accountability

City Manager's Office - Diversity, Equity and Inclusion: \$272,000

Add an Assistant to the City Manager position to act as the Diversity, Equity, and Inclusion Officer and an Administrative Assistant I position to provide administrative support. This new office will be charged with ensuring equitable distribution of City services throughout the entire City and serve as the champion for delivering racial equity programs for the community.

## Administrative Accountability

Communications - Citywide Public Records Support: \$94,000

Add a Management Assistant I position to assist with tracking and responding to public records requests. In the last several years the volume of records requests has increased by more than 60% to over 9,500 per year. Adding this position will allow for the maintenance of service levels.

## Administrative Accountability

Human Resources - HR Support: \$391,000

Add three positions for procurement, data management, and investigations. A Contracts Specialist II Lead position to conduct formal procurement processes and manage contracts. Contract monitoring and administration is critical to ensure contractors perform in accordance with the City's terms and conditions and with satisfactory performance. A Human Resources Officer position to conduct investigations as a result of the increase in Citywide complaints in recent years. These complaints have been received through a variety of sources including departments, employees, citizens, and through the internal integrity line. A Lead Business Systems Analyst position to create and collect data, convert raw data into meaningful information, make recommendations to various levels of City staff, and facilitate or participate in work groups tasked with making business improvements.

## Administrative Accountability

Information Technology Services -  
Enterprise Resource Planning System Support: \$750,000

Add contractual funding for a managed services agreement with a technology provider specializing in Enterprise Resource Planning (ERP) systems. This support is needed to bridge the technical expertise gap in existing City personnel who support the City's SAP and Peoplesoft ERP systems. The agreement will be to provide an ERP program manager, business analyst, technical leader and other needed services in an effort to improve processes and implement system advancements.

## Administrative Accountability

Information Technology Services - IT Information Security: \$523,000

Add one Lead Information Technology Systems Specialist and two Senior Information Technology Systems Specialist positions to support the City's growing technology infrastructure. These critical positions are needed to lead infrastructure and application vulnerability remediation efforts that mitigate known security and operational deficiencies.

## Administrative Accountability

Law - In-source Legal Support: \$0

Convert contractual services for paralegal support to create two Legal Assistant positions. The Law Department utilizes a paralegal contract for support of civil litigation cases. It was determined that hiring two full-time employees and reducing the contracted services results in a cost-savings and greater efficiency of services.

## Administrative Accountability

Library - Library IT Support: \$306,000

Add two information technology positions to support expanded technology services. Positions include a Lead Information Technology Systems Specialist to manage teams that support 60 applications, 1,000 public access computers, and multiple platforms for 17 libraries; and a User Technology Specialist position to support new programs to reach customers remotely such as the public laptop lending program.

## Administrative Accountability

Library - Library Accountability: \$93,000

Add an Accountant II position to oversee the daily operation of the Library's accounting section. This position will provide support for accounts payables and receivables, fixed-asset accounting, bank account reconciliations, inter-agency invoices, grant administration support, expenditures review, response to auditors, and payroll accounting.

N = 34

## Administrative Accountability

Parks and Recreation - Parks IT Support: \$208,000

Add a Senior User Technology Specialist position and a User Technology Specialist to provide IT support for the department. The Parks and Recreation Department Information Technology staff provides support to 32 community/recreation centers, numerous offsite office locations, over 800 devices and over 1,500 full and part-time employees. These additional positions are necessary to support the significant increase in new hardware and IT projects that have been implemented in the department.

## Administrative Accountability

Public Works - Fleet Maintenance: \$137,000

Restore 10 fleet maintenance positions that support the Fire, Parks and Recreation, Public Works Solid Waste, Street Transportation, and Water Services Departments. Funding for these positions is primarily from Non-General Fund departments. Adding these positions will decrease downtime and service delays. The cost of these positions will be partially offset by a reduction in contract vendor funding. The ten positions include two Equipment Service Worker II, a five Heavy Equipment Mechanic, Auto Technician, Auto Parts Clerk II and Support Services Aide.

N = 34

## Administrative Accountability

Public Works - HR Support: \$0

Add one Senior Human Resources Analyst position to provide support to the Solid Waste division. This position is located in the General Fund but will be funded by the Solid Waste fund and is needed to increase response time, provide supervisor support, process corrective actions and recruitments.

## **Administrative Accountability**

### **Comments:**

1. Jena Ingram (District 2) stressed the importance of the Office of Diversity, Equity and Inclusion, as well as IT support for Parks and Recreation, Police and Fire, and Libraries. She stated that the City should not allocate any additional funding to the maintenance of a gasoline-powered fleet.
2. Nicole Rodriguez (District 4) suggested contracting out HR Support or streamlining processes so that existing staff can perform this role. She suggested lean staffing initiatives.
