National Drive Electric Ride and Drive

There are two opportunities for City of Phoenix employees to attend a National Drive Electric Month (NDEM) Phoenix Electric Vehicle (EV) Ride and Drive event:

- **Wednesday, Oct. 1, 10 a.m.-2 p.m.** at Phoenix City Hall - [Register here](#). **This is for employees only.** Drivers must present a valid license and agree to a waiver as well as get supervisor approval ahead of the event.
- **Saturday, Oct. 4, 8 a.m.-noon** at Gateway Community College - [Register here](#). This one is meant for family and friends to attend, as well.

These events are to connect you with EV owners, test drive EVs, learn about their many benefits, and see how these vehicles are shaping a cleaner, more sustainable future. EVs help reduce greenhouse gas emissions, save money on fuel, and offer a smoother, quieter ride.

This event is part of the City's commitment to reducing greenhouse gas emissions by 50% by 2030 and achieving net-zero emissions by 2050.

Submit Your Survey

The Travel Reduction Program (TRP) is designed to help reduce air pollution in Maricopa County by reducing miles traveled via single occupancy vehicles for employee commutes. If you have any questions or receive an error, please contact your [department TRP liaison](#) or TRP Coordinator Katrina Gerster at Katrina.Gerster@phoenix.gov.
