

Council District 1 Report

June 2025

*Below is a summary of projects in progress or completed as of May 2025.

Asphalt Maintenance (Crack Seal, Patching, Etc.)

- A 5' x 40' asphalt section in the bike lane was repaired at 21632 N.35th Ave.

Concrete Maintenance

- Street Transportation staff removed and replaced 20' X 4' section of sidewalk and 20' X 2' section of roll curb at 4949 W. Phelps Road.

Traffic Signal Construction

As part of a developer project, the Street Transportation Department is constructing new signals at the intersection of 27th Avenue and Jomax Road. The new intersection will include:

- Flashing yellow arrows;
- Audible pedestrian pushbuttons and ADA compliant ramps;
- New emergency vehicle preemption;
- New video vehicle detection;
- New intersection streetlighting;
- And Signal heads over all travel lanes.
