CITY AUDITOR REPORT

To the Mayor and City Council,

We have conducted a limited review of the Finance Department's Monthly Financial Report (MFR). The City Charter requires a monthly, written report to the Council detailing expenditures, revenues, and the City's financial condition. The Finance Department is responsible for compiling an accurate and complete MFR.

Our review was conducted in accordance with the attestation standards established by Generally Accepted Government Auditing Standards (GAGAS). A review is substantially less in scope than an audit, the objective of which is the expression of an opinion. Accordingly, we do not express such an opinion. The focus of our review was for mathematical errors and material misstatements.

Based on our review, nothing came to our attention that caused us to believe that the accompanying Monthly Financial Report is not presented, in all material respects, in conformity with generally accepted financial management principles.

Sincerely,

Ross Tate
City Auditor

Expected

In order to have a better comparison to prior year actuals, contingencies will only be included in the annual budget to the extent that they have been spent. The general fund provides for core City functions that are not provided by dedicated revenue streams. It does not include services provided by dedicated taxes, grants, bond proceeds or enterprise fund revenues. The fiscal year 2017-18 budgeted general fund expenditures are 10.5% higher than the fiscal year 2016-17 actuals. Fiscal year 2017-18 actual general fund expenditures through August are 11.1% higher than the same period in fiscal year 2016-17. General fund expenditures increased 3.6% in fiscal year 2016-17 over fiscal year 2015-16. This followed increases of 1.4% and 0.9% in the two prior years.

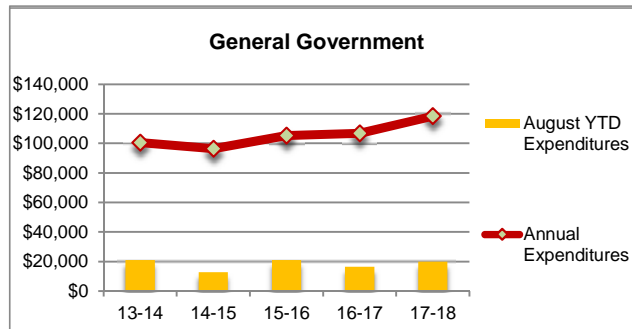

General fund expenditures have been nearly flat over the past 3 years with FY2014-15 only showing a 1.3% increase over FY2012-13. Year to date expenditures through May have increased 1.9% since FY2012-13.

Monitor and Consider Taking Action

General government expenditures include costs for administrative and internal service functions such as the Mayor and City Council, City Manager's Office, City Auditor, Finance, Budget and Research, and Human Resources. The fiscal year 2017-18 budget includes a 10.9% increase over fiscal year 2016-17 actuals. General fund general government expenditures through August are 21.4% higher than the same period in the prior fiscal year. The majority of the year over year variance is due to an overcharge of purchasing expenditures to the enterprise funds in July and August of FY2016-17. The overcharge was corrected in September 2016, which should result in a year over year difference more in line with the budget expectations in the September monthly report.

General fund general government expenditures increased 6.3% over the four years from fiscal year 2013-14 to fiscal year 2016-17. The increase from fiscal year 2015-16 to fiscal year 2016-17 was 1.4%.

Actual revenues through August are 1.3% higher than the same period in the prior fiscal year. Actual revenues include \$6 million from insurance proceeds related to Burton Barr Library. Specific revenue sources are discussed on the following pages.

Because property taxes are primarily collected in November, December, May and June, a monthly breakdown of the revenues is not particularly useful, therefore the chart for property tax revenues is presented with an annual perspective. There is no performance measure at this time; property tax has not yet been collected for fiscal year 17-18.

Total property tax revenues are budgeted to increase 4.6% in fiscal year 2017-18 over fiscal year 2016-17 actuals.

Local Sales Tax (Dollars in Thousands)

Year to Date Performance Status

Monitor and Consider Taking Action

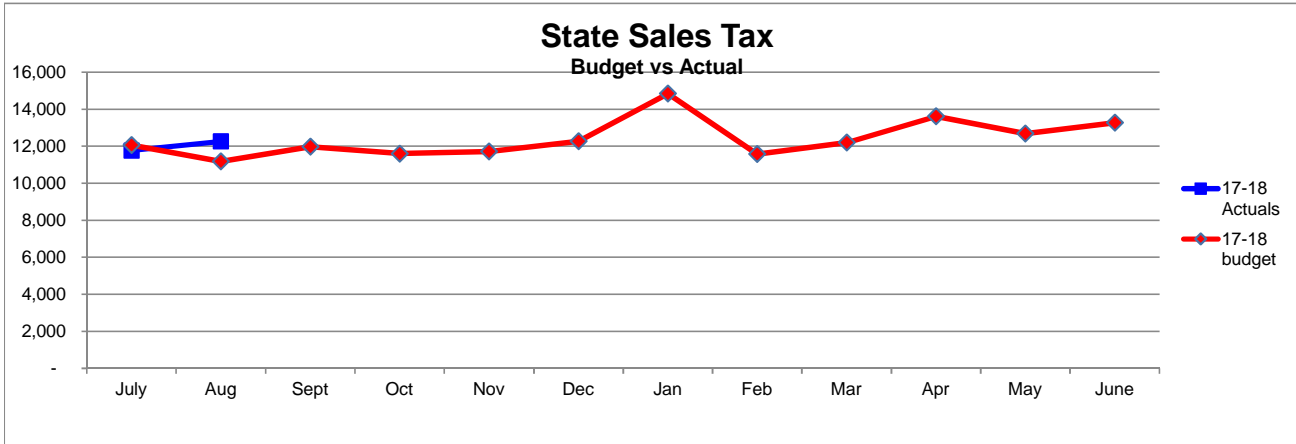

The fiscal year 2017-18 budget includes an increase of 4.0% in local sales tax revenues over fiscal year 2016-17 actuals. Beginning in January 2017, local sales tax returns and payments were no longer sent to the City, but were instead collected and processed by the State. This created a delay in the posting of sales taxes to the City. The delay is evident in the lower sales tax revenues for July 2017 as compared to July 2016. This is a timing difference and will be accounted for at fiscal year-end so that the total revenues for the fiscal year will reflect actual sales activity for the year, however, the delay in posting revenues will be evident in the year over year comparisons for this report until we have a complete year of collections by the State. Through August, local sales tax revenues are 19.4% below budget expectations.

Fiscal year 2016-17 local sales tax revenues are 1.9% higher than the prior year. Fiscal year 2015-16 local sales tax revenues exceeded fiscal year 2014-15 revenues by 0.1%. Fiscal year 2014-15 local sales tax revenues exceeded fiscal year 2013-14 revenues by 0.4%.
