(A.R.S. § 9-835(D)) passed by the Arizona Legislature in 2011 requires an Administrative Review of permit applications. Notice of Administrative Completeness or Notice of Deficiency must be issued to the applicant during the Administrative Review Time Frames. This document serves as that notice. This checklist has been provided to assist the applicant in preparing a complete application. Only complete applications can be accepted.

1. Complete Plan Review Submittal: Check each of the required elements as provided.

Required Information

- | | |
|--|---|
| <input type="checkbox"/> Plan Review Submittal Application | <input type="checkbox"/> 2-Sets of Plans |
| <input type="checkbox"/> Scope of work | <input type="checkbox"/> Licensed Installing Contractor |
| <input type="checkbox"/> Site map | <input type="checkbox"/> Hydrant specifications |
| <input type="checkbox"/> Size of buildings | <input type="checkbox"/> Type of building construction |
| <input type="checkbox"/> Estimated required fire flow | |

- Your application will be reviewed by a Fire Prevention Inspector for approval. You will be contacted if any addition information is required. Review time will not exceed 120 days.
- Pay the inspection fee and pickup plans and the permit.
- Call the Fire Protection Engineer when the hydrant is ready to be tested. Permit will be approved and a green tag issued when the inspection is completed and in compliance with the Fire Code.

For Fire Department Use

This permit application is:

- Accepted as Administratively Complete
- Deficient, items marked with an "X" above are required for application submittal

Contact staff below for questions regarding this Administrative Review.
