## Schedule of benefits

**Prepared for:** 

Employer: City of Phoenix Contract number: MSA-0109698

Plan name: Open Access EPO Plus Medical Plan

Schedule of benefits: 1A

Plan effective date: January 1, 2024
Plan issue date: February 1, 2024

Third Party Administrative Services provided by Banner Health and Aetna Health Insurance Company

## Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **payment percentage**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

The benefits shown in this schedule of benefits are available for your eligible out of area dependents.

### How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
  - For the **covered services** under your medical plan, you will be responsible for the dollar amount
  - For pharmacy benefits where a percentage cost share acts like a copayment, you will be responsible for the percentage amount
- Payment percentage amounts, if any, listed in the schedule below are what the plan will pay for covered services.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **payment percentage** that your plan will pay.
- You are responsible to pay any **deductibles**, **copayments** and remaining **payment percentage**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
  - Combined limits between designated network and non-designated network providers
  - Separate limits for designated network and non-designated network providers
  - Based on a rolling, 12 month period starting with the date of your most recent visit under this plan

See the schedule for more information about limits.

• Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Banner* | *Aetna* benefits section under Individuals & Families at <a href="https://www.aetna.com/cityofphoenix">www.aetna.com/cityofphoenix</a>.

### Important note:

**Covered services** are subject to the Calendar Year **deductible**, maximum out-of-pocket, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule. The *Surprise bill* section in the certificate explains your protections from a surprise bill.

Under this plan, you will:

- 1. Pay your copayment
- 2. Then pay any remaining **deductible**
- 3. Then pay your payment percentage

Your copayment does not apply to any deductible.

### How your PCP or physician office visit cost share works

You will pay the PCP cost share when you get covered services from any PCP.

### How your maximum out-of-pocket works

This schedule shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

### Contact us

We are here to answer questions. See the Contact us section in your booklet.

This schedule replaces any schedule of benefits previously in use. Keep it with your booklet.

### Plan features

### Maximum out-of-pocket limit

Includes the deductible.

Maximum out-of- pocket type	Designated network	Non-designated network
Individual	\$1,500 per year	\$2,500 per year
Family	\$3,000 per year	\$5,000 per year

## **General coverage provisions**

This section explains the maximum out-of-pocket limit and limitations listed in this schedule.

### Copayment

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit.

### Per admission copayment

This is the amount you are required to pay when you or a covered dependent have a **stay** in an inpatient facility.

### **Payment Percentage**

This is the percentage of the bill you pay after you meet your **deductible**.

### Maximum out-of-pocket limit

The maximum out-of-pocket limit is the most you will pay per year in copayments, payment percentage and deductible, if any, for covered services. Covered services that are subject to the maximum out-of-pocket limit include those provided under the medical plan.

### Individual maximum out-of-pocket limit

- This plan may have an individual and family maximum out-of-pocket limit. As to the individual maximum out-of-pocket limit, each of you must meet your maximum out-of-pocket limit separately.
- After you or your covered dependents meet the individual maximum out-of-pocket limit, this plan will
  pay 100% of the eligible charge for covered services that would apply toward the limit for the rest of the
  year for that person.

#### Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family maximum out-of-pocket limit is met by a combination of family members
- No one person within a family will contribute more than the individual maximum out-of-pocket limit amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services which are identified in the booklet and the schedule
- Costs for non-emergency use of the emergency room
- Costs for non-urgent use of an urgent care **provider**

### Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of **covered services** on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the booklet.
