PLANNING AND DEVELOPMENT DEPARTMENT

Planned Unit Development (PUD) Procedures

The Planned Unit Development (PUD) is a zoning designation intended to create a built environment superior to that which is accomplished through conventional zoning districts. This is achieved by allowing the PUD rezoning applicant to propose the uses, development standards, and design guidelines for a site, and by doing so, entering into a collaborative review process. It is expected that PUD requests include objectives from the Design Expectations (pages 20-22). The PUD rezoning process may take 6 to 8 months. Complex cases that require substantial and/or multiple revisions may extend the process.

City of Phoenix

PLANNING AND DEVELOPMENT DEPARTMENT

A.R.S. § 9-836 requires that an applicant for a license (permit) be provided with applicable licensing time frames and a list of all the steps the applicant is required to take in order to obtain the license. This guide outlines the items that must be completed prior to action by the City Council and the time total time in which review will be completed. The process provides for a timely decision by City Council pursuant to the timeline but does not guarantee a successful outcome.

The PUD Rezoning process is a legislative act and the adopted time for this process is outlined on the last page of this packet. It allows for staff administrative and substantive review timeframes. It also allows for suspension of the review timeframe for a public hearing process. Development of a PUD Narrative is a fluid process between the applicant, staff and the public. The applicant is required to make all changes or provide documentation on why changes were not incorporated into the draft. If the end of the Substantive Review Timeframe is reached and the applicant has not made appropriate corrections it will impact the staff recommendation of the application. In the PUD Rezoning process, the time suspension for a public hearing will start when the property is posted by the applicant for the public hearing process. Typically, this is 15 calendar days prior to the first public meeting for recommendation on the PUD application.

PUD REZONING PRE-APPLICATION MEETING

This meeting *must* be held before staff will accept a rezoning application. Please note that there may be up to three weeks between the date that the Pre-Application Meeting form is filed with the Planning and Development Department and the date of the Pre-Application meeting. To schedule a required pre-application meeting with the Planning and Development Department, please fill out the PUD Pre-Application Meeting form (pages 6-7) and submit either in-person to the Zoning Counter ([appointment is encouraged](#)), or through the [ShapePhx Portal](#), after which you will be provided with your meeting date and time with the Planning and Development Department.

- Your site may be within a Public Airport Disclosure Area, Impact Fee Area, or adjacent to an SRP Canal and other requirements may apply. Please refer to Required Supplemental Forms and Information section of this packet for applicable forms (pages 38-50).

PUD INFRASTRUCTURE FACT FINDING SUMMARY

You are also required to contact the Development Division to conduct a PUD Fact Finding to determine if your site will have any development issues that should be addressed during the PUD process. This requirement may be waived at the discretion of the Planning and Development Department Director or their designee. Please call 602-495-0302 or email pdd.siteplanning@phoenix.gov for further information.

PUD REZONING APPLICATION SUBMITTAL

See PUD Application Submittal Checklist (page 10). Applicants requesting PUD zoning are required to submit a development narrative establishing the zoning regulations, development standards and design guidelines, for the site. The Development Narrative Submittal Requirements (pages 18-19) outlines the format and required content of the development narrative. Staff will post the development narrative online at <https://www.phoenix.gov/pdd/planning-zoning/pzservices/pud-cases> within 5 working days of the filing or revision of a complete application. All applications are to be submitted in-person to the Zoning Counter ([appointment is encouraged](#)), or through the [ShapePhx Portal](#).

SUBMITTING TRAFFIC IMPACT ANALYSIS

An engineer sealed traffic impact analysis (TIA) must be submitted at the Payments and Submittals Counter or at payments.submittals@phoenix.gov. Please provide your project number received at the Development Pre-Application Meeting when submitting the TIA. Verification of this submittal must be obtained and submitted with the rezoning application. For guidance on the scope of the TIA, please see Chapter 9 of the Street Planning and Design Guidelines Manual.

CITIZEN PARTICIPATION REPORT

The purpose of the Citizen Participation Report is to ensure that applicants pursue early and effective citizen participation in conjunction with their rezoning application, giving them the opportunity to understand and try to mitigate any impacts their application may have on the community; ensure the citizens and property owners of Phoenix have an adequate opportunity to learn about rezoning applications that may affect them and to work with applicants to resolve concerns at an early stage of the process; and facilitate ongoing communication between the applicant, interested citizens and property owners, City staff, and elected officials throughout the application review process. A Citizen Participation Report is required to be submitted a minimum of two week prior to the first public hearing body (e.g. Village Planning Committee) that will be providing a recommendation. See the Citizen Participation Report Checklist for instructions (page 23).

NEIGHBORHOOD MEETINGS AND NOTIFICATION PROCEDURES

All PUD requests are required to hold a neighborhood meeting. A second neighborhood meeting will be required if there are unresolved issues. It is recommended that the applicant hold additional neighborhood meetings following any substantial revisions to the development narrative.

The following shall be submitted prior to or at the post-application meeting and as part of the Citizen Participation Report:

Notification Letter Requirements

Notification letters shall be mailed or emailed for all neighborhood meetings (page 24-28). The letters shall be sent within 10 working days of filing the application and a minimum of 10 calendar days prior to the meeting.

The applicant is required to mail or email meeting notifications to:

1. All property owners within 600 feet of the subject site,
Available at <http://maps.mcassessor.maricopa.gov/>
2. The nearest resident within the four quadrants to the subject site, and
3. All neighborhood organizations registered with the City that are within a one-mile radius of the subject site.
Upon application, staff will provide the applicant with the mailing list for the registered neighborhood organizations.

Notarized Affidavit of Notification

A list of the property owners and organizations contacted, a copy of the letter sent with attachments, and a notarized affidavit stipulating to the notice must be submitted to zoning staff within 10 working days following the meetings.

Meeting Summary

The results of the neighborhood meetings shall be summarized and submitted to staff within 5 working days following the neighborhood meeting or at the post-application meeting. It is the applicant's responsibility to work with the neighbors to try and address their issues. The following information shall be included in the neighborhood meeting summary:

1. Date, time, and location of the meeting,
2. Number of participants (sign-in sheet)
3. Issues that arose during the meeting, and
4. Plan to resolve the issues, if possible.

FIRST NEIGHBORHOOD MEETING

The first neighborhood meeting shall be held early in the PUD process. The applicant is required to mail or email a first neighborhood meeting notification letter (page 24), explaining their request and including appropriate review and comment opportunities. The letters shall be sent within 10 working days of filing the application and a minimum of 10 calendar days prior to the meeting.

CITY REVIEW OF DEVELOPMENT NARRATIVE AND REVISION PROCEDURES

Upon receipt of a complete application, staff will conduct a review of the development narrative and associated materials. The development narrative is routed to other city departments for review and comment. A staff planner is assigned to review the application, prepare the staff report, and will serve as the contact for any information pertaining to the application. The staff planner will contact the applicant in letter regarding any staff requested revisions to the development narrative. Once the development narrative is determined to be satisfactory, the staff planner will inform the applicant to proceed to the required second neighborhood meeting, required informational Village Planning Committee meeting, and will schedule the post-application meeting. Revision dates should be reflected on the cover page of the revised development narrative.

SECOND NEIGHBORHOOD MEETING

Once the development narrative is determined by staff to be satisfactory, the applicant shall hold a second neighborhood meeting and provide notification (page 26). The second neighborhood meeting requirement can be waived by the Planning Director upon a finding that special circumstances do not warrant the meeting. The letters should be sent a minimum of 10 calendar days prior to the meeting.

VILLAGE PLANNING COMMITTEE MEETINGS

The Village Planning Committee meetings are regularly scheduled, monthly public meetings. The applicant shall attend Village Planning Committee meetings on two separate occasions during the PUD process, as described below. Staff will notify the applicant to proceed to the meetings once the development narrative has been determined by staff to be satisfactory.

POSTING

The applicant is required to post a double-sided sign (pages 32-34), 4-foot by 8-foot, at a prominent location on the site a minimum of 15 calendar days prior to the first Village Planning Committee meeting. Multiple signs may be required depending on the size of the site and location of street frontages. As in the case of the written notices, the applicant shall submit a notarized affidavit of posting stating the sign has been posted and a photograph showing the sign on the site to the Zoning Counter, 6th Floor, Phoenix City Hall, 200 West Washington Street.

Signs shall be updated as needed. Continued cases shall be posted a minimum of 7 calendar days prior to continuance date. An additional affidavit of posting is required. Signs must be removed by the applicant within 7 calendar days of City Council action.

VILLAGE PLANNING COMMITTEE MEETING – INFORMATIONAL PRESENTATION AND NOTIFICATION PROCEDURES

An informational presentation to the Village Planning Committee is required. The presentation should be held at the regularly scheduled Village Planning Committee meeting held one month prior to the Village Planning Committee making a formal recommendation on the application. In the event of substantial revisions, it is recommended that the applicant attend additional Village Planning Committee meetings to update the committee as to the modification(s). Please coordinate with the Village Planner to schedule the informational presentation.

Posting Requirements

A sign shall be posted as indicated above a minimum of 15 calendar days prior to the meeting.

Notification Letter Requirements

Notification letters shall be mailed or emailed for the informational presentation at the Village Planning Committee meeting (page 28). The letters should be sent a minimum of 10 calendar days prior to the meeting. The applicant is required to mail or email meeting notifications to:

1. All property owners within 600 feet of the subject site,
Available at <http://maps.mcassessor.maricopa.gov/>
2. The nearest resident within the four quadrants to the subject site, and
3. All neighborhood organizations registered with the City that are within a one-mile radius of the subject site.
Upon application, staff will provide the applicant with the mailing list for the registered neighborhood organizations.

Notarized Affidavit of Notification

A list of the property owners and organizations contacted, a copy of the letter sent with attachments, and a notarized affidavit stipulating to the notice must be submitted to zoning staff within 10 working days following the meetings.

POST-APPLICATION MEETING

This meeting will be scheduled once staff determines the development narrative to be satisfactory. During this meeting staff shares formal recommendations/stipulations with the applicant. Review of zoning and development issues will be further identified. Village Planning Committee (recommendation), Planning Commission, and City Council hearing dates will be scheduled at this meeting. In the event a post-application meeting is not scheduled, the above information will be provided to the application via an informal meeting or email. The date of such correspondence will be documented on the sign language form.

VILLAGE PLANNING COMMITTEE MEETING – RECOMMENDATION AND NOTIFICATION PROCEDURES

Prior to any public hearing (Planning Commission, City Council), the application will be reviewed at the regularly scheduled Village Planning Committee monthly meeting. Staff will inform the applicant of the Village Planning Committee date. Staff will provide the committee and the applicant a copy of the staff report prior to this meeting. The Village Planning Committee will make a recommendation on the case, which will be forwarded to the Planning Commission.

PLANNING COMMISSION ACTION – PUBLIC HEARING

This public hearing occurs approximately three to five weeks after the Village Planning Committee recommendation. During this public hearing, the PUD application will be reviewed and either approved, approved with stipulations, denied, denied and approved differently than requested, or continued. Planning Commission hearings will be legally advertised and posted a minimum of 15 calendar days prior to the hearing. PUD applications shall not be heard by the Zoning Hearing Officer.

Appeals

- Action taken by the Planning Commission can be appealed by the applicant or interested parties within 7 calendar days. Appeals will be forwarded to the City Council for a public hearing.
- Opposition petitions submitted no later than 7 calendar days following the Planning Commission hearing can require $\frac{3}{4}$ vote, rather than a majority vote, for the City Council to approve the application.
- If no appeal, ordinance adoption occurs at the scheduled City Council hearing.
- The City Council may, by a majority vote; 1) request a public hearing on a Planning Commission recommendation request that has not been appealed or, 2) send the case back to either for further consideration. If a hearing is requested, it must first be re-advertised and posted.

CITY COUNCIL ACTION – PUBLIC HEARING

During this public hearing, the PUD application will be reviewed and either approved, approved with stipulations, denied, denied and approved differently than requested, or continued. The applicant will be sent a letter following City Council action.

If approved, the applicant may continue with the development review process.

AMENDMENTS TO AN APPROVED PUD

The criteria for Major and Minor Amendments are in the Planned Unit Development District section of the Zoning Ordinance (page 54-55).

Major Amendments

A Major Amendment to an approved PUD requires that the applicant modify the latest approved Development Narrative located on file at the Zoning Counter.

Major Amendment Fee: Same as the original PUD application fee

Minor Amendments

Minor Amendment requests should be addressed in a letter, including relevant supplemental materials, to the Planning Director with fee.

Minor Amendment Fee: See Fee Schedule for applicable fees.

****An applicant may receive a clarification from the city of its interpretation or application of a statute, ordinance, code or authorized substantive policy statement. To request clarification or to obtain further information on the application process and applicable review time frames, please call 602-262-7131 (option 6), email zoning@phoenix.gov or visit our website at <https://www.phoenix.gov/pddsites/Pages/pddlicensetimes.aspx>.**

This form is used to request a PUD Rezoning Pre-Application meeting and provide required information to set up a meeting date/time. This is the first step in the PUD process. This form needs to be submitted either in-person to the Zoning Counter ([appointment is encouraged](#)), or through the [ShapePhx Portal](#). For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

Planned Unit Development (PUD) Pre-Application Meeting Form (1 of 2)

All PUD rezoning applications must have a pre-application meeting. The purpose of this meeting is to provide the applicant with guidance and information regarding the PUD rezoning process. This meeting includes discussion of all relevant fees, development standards and uses, and information on special planning areas, specific plans, and overlay districts, if applicable.

Two copies of the following information must be included with the PUD pre-application meeting request. If any of this information is not included, a pre-application meeting cannot be scheduled.

- ☐ 1. A site plan or conceptual land use plan (*Site plans are required for PUD projects of 20 acres or less*)
- ☐ 2. A current aerial photograph with the subject property highlighted.
- ☐ 3. A parcel map with the subject property highlighted.
- ☐ 4. Context Plan of the site and adjacent/surrounding properties.
- ☐ 5. Conceptual elevations or renderings (not required, but highly recommended).
- ☐ 6. Description of project intent (project overview and goals), overall design concept (discussion on uses, design elements and themes, or other significant features), and proposed amenities.
- ☐ 7. Preliminary list of uses.
- ☐ 8. A development standards table to include at a minimum:
 - a. Density and number of dwelling units (for residential requests)
 - b. Minimum lot width/depth (for residential requests)
 - c. Building setbacks/build to lines
 - d. Landscape setbacks (for street, perimeter and/or interior)
 - e. Height (in feet and stories)
 - f. Lot coverage
 - g. Division of uses (for mixed use developments)
 - (1) Area and floors devoted to commercial uses
 - (2) Area and floors devoted to residential uses
- ☐ 9. Other additional information that staff should consider while evaluating this request.

Electronic Submittal Requirements

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

Applicants must submit a copy of the application and all supplemental information on a CD (compact disc) or a USB flash drive. Items are not returned to the applicant.

All application documents must be submitted electronically and all subsequent amendments to the application must include an electronic submittal.

Incomplete electronic submittals and/or amendment submittals may result in extended processing and review times, as well as delays in scheduling public hearings.

Application Submittals

- PDF files - All documents including the PUD Narrative, application forms, site plans, building elevations, context plans, etc.
- Do not combine documents into one PDF file. Each document must be provided as an individual PDF file.

Legal Descriptions

- Legal descriptions must be submitted in Word (.doc or .docx) or text (.txt) format in addition to an identical PDF file.
- Legal descriptions must contain the Section, Township, and Range regarding the subject property of the request.
- If the application consists of multiple zoning districts or General Plan land use categories, then separate legal descriptions must be provided.
- If an application is amended and alters the subject property's boundaries in any way, a new legal description must be submitted immediately.
- Applications regarding Planned Unit Developments (PUD) may be required to provide separate legal descriptions based on the division of land uses in the PUD.
- **Only if requested by staff:** Shapefiles (preferred) or CAD .dwg and .dxf files depicting all legal descriptions.

Planned Unit Development (PUD) Application Re-Submittal Checklist

Required Re-Submittal Materials after staff review

*Hard copies must be delivered in-person or mailed to "Long Range Planning Team, 200 West Washington Street, 3rd Floor, Phoenix AZ 85003". Must be received in order for application to be considered complete

☐ **Development Narrative:**

*Minimum 5 bound hard copies (additional copies may be requested by staff)

☐ **Site Plans** (see page 51), if applicable:

*Two full size copies, to scale (engineers scale) and FOLDED

One 8.5" x 11" copy incorporated as development narrative exhibit

☐ **Color Elevations**, if applicable:

*Two full size copies and FOLDED

One 8.5" x 11" copy provided as development narrative exhibit

☐ **Electronic Submittal of Entire Application**

All PUD applications must submit an electronic copy of all application materials in PDF format, **no greater than 15 MB**, with the exception of legal descriptions (see below). Files should be placed on CDs and will not be returned to the applicant.

☐ **Development Narrative**

Development Narratives will be placed on the Planning and Development Department's website for public viewing. For this reason, staff recommends optimizing the document for web viewing and creating PDF files from an original source. PDF files created from an original source tend to be smaller in file size and more legible than scanned documents (e.g. converting a word document to a PDF file electronically versus printing the document and scanning it as a PDF file).

☐ **Response to review comments**

Provide a response to address all review comments. If requested changes were not made, address why changes were not incorporated.

Required Submittal Materials for the Public Hearing Draft

The applicant is required to provide copies of development narrative to all Village Planning, Planning Commission and City Council members. Copies of the narrative shall be provided no later than the deadlines set below.

☐ **Village Planning Committee**

The Planning and Development Department may ask the applicant to provide copies of the development narrative to the Village Planning Committee members. Delivery of the narrative will be at the applicants cost. Narratives will be provided to the Planning and Development Department for labeling of the Village members. Delivery will be scheduled by the applicant and **MUST** be completed by courier or postage. Hard copies can be delivered in person or mailed to 200 West Washington Street, 3rd Floor, Care Of (Village Planner), Phoenix, AZ 85003. Must be received in order for application to be considered complete.

15 calendar days prior to the committee date for action.

___ bound copies of the Public Hearing Draft Development Narrative (number of copies will vary depending on village membership, please consult with the Village Planner)

☐ **Planning Commission**

15 calendar days prior to the Planning Commission Hearing

12 bound copies of Public Hearing Draft Development Narrative

☐ **City Council**

15 calendar days prior to the City Council Hearing, if required by staff

PUD Project Information Form

The information required on this form may be provided in an alternative format as long as all of the items A through F are included.

A. Site Conditions and Location.

1. Acreage: _____

2. Describe the location in relation to major intersections or areas of regional significance:

3. Describe the topography and natural features:

B. General Plan Conformance.

<https://www.phoenix.gov/pdd/planning-zoning/phoenix-general-plan>

General Plan Land Use Designation/s Provide designation and, if residential, the category (e.g., 3.5 - 5 du/ac traditional lot)	
Community Benefits: How does the request address the community's unique opportunities and challenges related to prosperity, health and the environment? See pages 18-26 in the Phoenix General Plan.	
Describe how the proposal meets and exceeds the Core Values in the General Plan:	

Street Classification Map Provide name(s) of street(s), classification of street(s), and existing right-of-way widths	
---	--

- C.** Is the property located in a special designation area (Specific Plan, Special Planning District, Redevelopment Area, Historic District, Special Study Area, Planned Community District, etc.) and are there special design guidelines applicable to the area? If so, state how the proposed project conforms to special designation area, its goals and any applicable design and/or development standards.

D. Zoning and Land Use Compatibility.

Describe the existing zoning, land uses, and character on and adjacent to the site.

Zoning	Land Use	Character
Subject Site		
North		
South		
East		
West		

E. Phasing: Will the project be phased? If so, please describe the phasing and provide a Phasing Plan.

F. As part of the Reimagine Phoenix initiative, the City of Phoenix is committed to increasing the waste diversion rate to 40 percent by 2020 and to better manage its solid waste resources. Will the proposed development incorporate recycling? If so, how?

G. Per the Conservation Measures for New Development policy adopted by City Council as part of a resolution addressing the future water consumption of new development (Resolution 22129), the City will implement water conservation measures on new development. What measures are planned to conserve water for the proposed development? Will a wet-cooling system be utilized and if so, what measures will be taken to ensure efficient water use?

H. Provide the following additional exhibits, if applicable:

- ☐ Area Vicinity Map
- ☐ Aerial Map
- ☐ Zoning Map
- ☐ Color and Materials Palette (*Identify primary and accent colors*)
- ☐ Phasing Plan (*if applicable*)
- ☐ Any other exhibit necessary to support or explain the PUD proposal

DEVELOPMENT NARRATIVE SUBMITTAL REQUIREMENTS CHECKLIST

This form is used as part of the Planned Unit Development (PUD) submittal requirements. For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

*****The PUD Development Narrative shall contain all listed sections and shall include the following information as listed in subsections:**

☐ **Cover Page**

The cover page shall provide the pertinent processing information to include:

1. Project name
2. (Case Z-_____). *Zoning Counter staff will assign and fill in case number onto cover page at original submittal.*
3. Date of submission
4. Revision dates

☐ **Principles and Development Team**

List of contact information of persons involved in development proposal, including name, address, phone, fax, and email. This includes owner and potential buyers of record and members of development team. If a partnership or limited partnership is involved, list the general partners and limited partners with more than a 10 percent interest.

☐ **Table of Contents** (Items A – I), including a list of the exhibits.

☐ **A. Purpose and Intent**

1. Describe the project overview and goals.
2. Describe the overall design concept including use categories, theme, or other significant features.

☐ **B. Land Use Plan**

1. Description of proposed land use categories, include acreages and location if more than one land use category is proposed.
2. Brief discussion of the Conceptual Site Plan, if required (*Conceptual Site Plans are required for sites 20 acres or less. This requirement may be waived at the discretion of the Planning and Development Department Director or their designee*).

* Include a land use plan exhibit

☐ **C. List of Uses** (*Provide in a table format, if more than one land use category is proposed*)

1. Permitted Uses
2. Temporary Uses
3. Accessory Uses

☐ **D. Development Standards**

1. Development Standards Table

Provide the following information in a table format for each proposed land use category or use (e.g. residential, commercial, mixed use, etc...).

- a. Density and number of dwelling units
- b. Minimum lot width/depth
- c. Building setbacks/build-to lines
- d. Landscape setbacks
- e. Building separation
- f. Building height
- g. Lot coverage
- h. Division of Uses (*floor and/or square footage per use type for mixed use buildings only*)

* Include a conceptual site plan and elevations

2. Landscape Standards Table

Establish standards, including quantity, size, planting materials, and themes (xeriscaping, vegetated roof areas, etc) for the following categories as applicable:

- a. Streetscape
- b. Perimeter Property Lines
- c. Adjacent to Buildings
- d. Parking Areas
- e. Common and Retention Areas

* Include a conceptual landscape plan

3. Parking (*standards and/or calculations*)
4. Fences/Walls (*type, height, and placement*)
5. Amenities
6. Shade (*shade calculations are to be based on Summer Solstice, noon*)
7. Lighting Plan (*photometric plans may be required*)

☐ **E. Design Standards and Guidelines**

The Guidelines for Design Review section of the Zoning Ordinance establishes minimum design guidelines for development. The PUD Narrative is expected to exceed these standards. The intent of the PUD is to encourage comprehensively planned developments that are superior to that accomplished through conventional zoning districts. A PUD is expected to provide innovative, compatible, and sustainable developments that create a sense of place. PUD requests create this environment by providing enhanced Design Review Guidelines. Provide design review guidelines, clearly stating which guidelines are required versus considered. Please see Sections 507.C. and 507 Tab A.II. of the Zoning Ordinance for additional guidance, as well as the Design Expectations in this packet (pages 20-22).

☐ **F. Signs**

☐ **G. Sustainability**

1. Identify standards that are measurable and enforceable by the city during the site plan review and inspection process.
2. Identify practices or techniques for which the applicant/developer will be responsible.

☐ **H. Infrastructure**

Discuss and address any issues identified in the Development Pre-Application review meeting or Infrastructure Fact Finding Summary from the Development Division. The following should be addressed as appropriate:

1. Grading and Drainage
2. Water and Wastewater
3. Circulation Systems (*streets, vehicular ingress/egress, bike paths, pedestrian circulation, trails and trailheads, fire/emergency access, etc.*)

* Include a Circulation Exhibit

4. Reference Traffic Impact Analysis

☐ **I. Comparative Zoning Standards Table(s)**, to include applicable existing and proposed zoning standards

☐ **J. Legal Description** (Must include Section, Township and Range)

PLANNED UNIT DEVELOPMENT (PUD) DESIGN EXPECTATIONS

The intent of the PUD is to encourage comprehensively planned developments that are superior to that accomplished through conventional zoning districts. A PUD is expected to provide innovative, compatible, and sustainable developments that create a sense of place. PUD requests create this environment through modification of the provisions set forth in the Guidelines for Design Review (Section 507 Tab A of the Phoenix Zoning Ordinance) and satisfying the below objectives. Proposed design guidelines are to be reflected in the Development Narrative.

Guidelines for Design Review (Section 507 Tab A of the Phoenix Zoning Ordinance)

A PUD may modify the requirements set forth in the Guidelines for Design Review, if the applicant can demonstrate how a given design guideline is inappropriate to achieve the project's vision, and an alternate provision is more suitable. Deviations of design guidelines and a rationale must be provided in the Development Narrative.

Objectives

A PUD should reflect our region's unique environmental challenges by implementing practices that respond to the area by including elements such as innovative architectural design, energy efficient buildings, and pedestrian-friendly neighborhood developments. The applicant should propose design guidelines that are consistent with the below objectives or demonstrate how other sustainable practices are suitable. **The objectives listed below are intended to guide the applicant on appropriate design elements to be incorporated into the PUD and are not a checklist of items to be included in each application.**

Note: Flexibility of development standards will be based on the project's inclusion of the below objectives. The scale of the project will help determine the appropriateness of some objectives.

S U S T A I N A B I L I T Y

Objective – Provide Thermal Comfort for all Users

- Minimum 75% shade of all public sidewalks and private walkways by means of vegetation or shade structures.
- Shade open space areas & public spaces
- Shade parking lots
- Shade building entrances
- Green rooftops or green sky roofs
- Building form articulations that stimulate the flow of air around pedestrian areas.

Objective – Energy Efficiency in Design and Long Term Operation

- Green building systems that would satisfy requirements set forth by organizations recognized for measuring and certifying the sustainable performance of buildings, such as LEED (Leader in Energy and Environmental Design). The building does not necessarily have to be certified through this agency; however, the applicant must document through the Development Narrative how a green practice is credit earning.
- Photovoltaic panels
- Building orientation that responds to climate and enables passive/active solar strategies and energy efficiency techniques.
- Passive and active solar building design
- Pervious paving materials to reduce storm water runoff.
- Xeriscaping – Drought tolerant plants.

Objective – Sustainable Neighborhoods that provide a variety of housing opportunities within the same community

- Housing developments of varied and attainable income levels. An Attainable Housing Plan will only be considered if it demonstrates long-term action steps to implement and maintain the housing plan.
- Housing developments of varied mixed residential uses such as apartments, townhomes, detached and attached single family residential, auto courts, green courts, and other residential types.
- A Small Business Plan will be considered if it secures small/local business development by providing incubator space, ample opportunities, and an array of resources or service programs.

ARCHITECTURAL DESIGN

Objective – Visual interest with unified elements to establish sense of place

- Manipulation of massing – vertical and horizontal changes in plane
- Building articulation
- Incorporating innovative textures, materials, colors
- Building offsets, reveals, recesses, building projections, columns, masonry piers, or other architectural treatment
- Varied heights
- Distinct entry features
- Wall enhancements
- Decorative signage
- Decorative site lighting
- Four-sided architecture
- Regionally significant

SITE DESIGN / DEVELOPMENT

Objective – Innovative design of access, circulation, privacy, security, shelter, and other factors to create a unique location that complements the surrounding context

- Variation in building siting and orientation
- Varied setbacks
- Minimize visual impact of parking with landscaped medians, islands
- Grouping of structures in large projects
- Mitigation of adverse effects (screening, landscape buffers, wall heights, etc.)
- Identifiable building streetscape

SUBDIVISION DESIGN / DEVELOPMENT

Objective – Encourage a variety of product types while enhancing the community character through thoughtful design techniques

- Variation in building siting and orientation
- Curvilinear streets to reduce linear character
- Mix of product types and/or elevations
- Varied lot widths and setbacks
- Varied garage placement and orientation
- Meandering sidewalks and/or trails
- Mitigation of adverse effects (screening, landscape buffers, wall heights, etc.)
- Identifiable building streetscape
- Establish commercial village in neighborhoods

OPEN SPACE DESIGN

Objective – Provide diversified amenities for optimum recreational use and gathering places for community interaction

- Improved plazas, courtyards, break areas
- Dispersion of space for public use
- Shading through structures such as ramadas, canopies, covered rest areas, and functional landscaping
- Active and passive recreation such as tot lots, ramadas, splash pads, benches, barbeques, and other appropriate amenities
- Trail connections
- Designating natural, open space easements
- Protecting natural resources
- Water features to be included in open spaces greater than 5,000 sq. ft. Water features should be incorporated into locations of pedestrian activity for the purposes of thermal comfort.

LANDSCAPING ENHANCEMENTS

Objective – Provide shade and soften the look of the development to create a more natural environment

- Themed landscape palette
- Maturity of trees
- Low water use plants
- Preservation and/or salvage plan
- Identifiable landscaped streetscape
- Clustering of trees at appropriate locations

DEFINITIONS *

- **Context**

The subject property and all adjacent parcels, as well as those parcels or portions of parcels within 600 feet of the subject property. (Sedona, Az.)

- **Compatibility**

Design which utilizes accepted site planning (e.g. building placement, orientation, and siting) and the elements of architectural composition within the context of the surrounding area. (Palm Beach, Florida.)

The characteristics of different uses or activities or design which allow them to be located near or adjacent to each other in harmony. Some elements affecting compatibility include the following: height, scale, mass, and bulk of structures, pedestrian or vehicular traffic, circulation, access and parking impacts, landscaping, lighting, noise, odor and architecture. Compatibility does not mean “the same as.” Rather compatibility refers to the sensitivity of development proposals in maintaining the character of existing development. (Hudson, Ohio)

- **Land Use Compatibility**

The characteristics of different uses or activities that permit them to be located near each other in harmony and without conflict. Some elements affecting compatibility include intensity of occupancy as measured by dwelling units per acre; floor area ratio; pedestrian and vehicular traffic generated; volume of goods handled; and such environmental effects as noise, vibration, glare, air pollution, or radiation. (Rock Hall, Md.)

The design, arrangement, and location of buildings and structures or other created or natural elements of the urban environment which are sufficiently consistent in scale, character, siting, coloring, or materials with other buildings or elements in the area so as to avoid abrupt or severe differences.

- **Sustainable/Sustainable Development**

Community use of natural resources in a way that does not jeopardize the ability of future generations to live and prosper. (California Planning Roundtable)

Development that maintains or enhances economic opportunity and community well-being while protecting and restoring the natural environment upon which people and economies depend. Sustainable development meets the needs of the present without compromising the ability of future generations to meet their own needs. (State of Minnesota)

- **Sense of Place**

The constructed and natural landmarks and social and economic surroundings that cause someone to identify with a particular place or community. (Wisconsin Department of Natural Resources)

That characteristics of a location that make it readily recognizable as being unique and different from its surroundings and that provides a feeling of belonging to or being identified that particular place. (Scottsdale, Arizona)

- _____ 1. Cover Page
Attach a cover page titled "Citizen Participation Final Report," and include the case number, project name, location, and application submittal date.
- _____ 2. Description
Provide a brief description of the proposed project.

Example: We are requesting to rezone from _____ to R-5 to allow _____.
- _____ 3. List dates that notification letters and meeting notices were mailed/emailed, newsletters, and other publications were posted and/or advertised, or other outreach efforts. If a project information website is created, provide the link to the website.
- _____ 4. Attach a map delineating the specific areas where residents and property owners who were notified are located.
- _____ 5. Provide a copy of all notification letter documents, letters sent out, the mailing lists, and the notarized affidavits.

A copy of the 1st notification letter documents shall also be provided prior to or the post-application meeting.
- _____ 6. Completed sign posting affidavit and photo of posted sign (see pages 32-33).
- _____ 7. If applicable, identify dates and locations of all meetings where citizens were invited to discuss the proposal.
- _____ 8. Provide a summary of neighborhood meeting/s, and any other outreach efforts conducted. The neighborhood summary must include the following:
 - a. Date, time, and location of the meeting
 - b. Number of participants
 - c. Issues that arose during the meeting
 - d. Plan to resolve the issues, if possible
Shall also be provided prior to or at the post-application meeting.
- _____ 9. State concerns, issues, and problems the applicant is unable or unwilling to address and why.
- _____ 10. Specifically identify how the proposal has been revised to address public concerns.

IMPORTANT NOTE:

COMPLETED PUBLIC PARTICIPATION REPORT IS REQUIRED A MINIMUM OF TWO WEEKS PRIOR TO THE FIRST PUBLIC MEETING. FAILURE TO PROVIDE THE REPORT MAY RESULT IN DELAYS TO THE PUBLIC MEETING SCHEDULE.

FIRST NOTICE: WITHIN 10 WORKING DAYS OF FILING THE APPLICATION AND A MINIMUM OF 10 CALENDAR DAYS PRIOR TO THE MEETING (Sample letter starts below)

[DATE]

Dear **Property Owner** or **Neighborhood Association representative**:

The purpose of this letter is to inform you that _____ has recently filed a rezoning request for an approximately _____ acre site located at _____, rezoning case number Z-____-____-____, to change the zoning from _____ to Planned Unit Development (PUD). I/We would like to invite you to a neighborhood meeting to discuss this rezoning request and proposed development.

Attached is a copy of the cover page of our application, the site plan and elevations (site plan and elevations required for requests of 20 acres or less). A copy of the entire PUD Development Narrative containing the complete details of this request is on file with the City of Phoenix Planning and Development Department and available on-line at <https://www.phoenix.gov/pdd/planning-zoning/pzservices/pud-cases>. The following describes our request:

Proposed change: Brief description of development, including, at a minimum, proposed uses, height, density/intensity, lot coverage, and setbacks.

Existing use: Describe what is on the site today, how it is designated on the General Plan, and how it is zoned.

The neighborhood meeting will be held on **DAY, DATE, at TIME at LOCATION**.

[Insert project information website link, if applicable.]

You are invited to attend this meeting to learn about the project and proposed zoning. If you are unable to attend, please contact me or one of my staff at [email/phone number] to learn more about the case and express your concerns. The City of Phoenix Village Planner assigned to this case is **[name]** and can be reached at [email/phone number]. This planner can answer your questions regarding the City review and hearing processes as well as the staff position once their report is complete. You may also make your feelings known on this case by writing to the City of Phoenix Planning and Development Department, 200 West Washington Street, 2nd Floor, Phoenix, Arizona 85003, referencing the case number. Your letter will be made part of the case file.

Please be advised that meetings and hearings before the _____ Village Planning Committee and the Planning Commission are planned to review this case. Specific meeting and hearing dates have not yet been set. You should receive a subsequent notice identifying the date and location of the meeting/hearings when they have been scheduled.

Again, I would be happy to answer any questions or hear any concerns that you may have regarding this proposal. You may reach me at [email/phone number].

Site Posting Requirements

Below are the requirements for posting of rezoning/special permit cases. For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

In order to assist in providing adequate notice to interested parties, the applicant for rezoning hearings shall erect, not less than 15 calendar days prior to the date of the first Village Planning Committee meeting, a double-sided sign giving notice of the date, time and place of the tentatively scheduled hearings. The sign shall also include the nature of the request as contained on the formal rezoning application. The size and format of this sign shall be as described by the Planning and Development Department. Such notice shall be clearly legible, double-sided, and placed at a prominent location on the site, perpendicular to the street, generally adjacent to the public right-of-way, unless otherwise directed. Multiple signs may be required depending on the size of the site and location of street frontages.

It shall be the **responsibility of the applicant** to erect and to maintain the sign on the subject property and to maintain all information on the sign in a clear legible manner until the final disposition of the case. It is **also the applicant's responsibility** to post any continuance dates a minimum of seven calendar days prior to the continued date and update the additional hearing dates following the continuance (provide affidavit, see page 34). This responsibility includes removal of the sign after City Council action on the case.

After the sign has been posted, the applicant or their representative must submit an affidavit of posting and a photograph of the site posting.

Site posting specifications and instructions are continued on the next page.

Traffic Impact Analysis Submittal Requirements

Completion of the following is necessary for approval of your submittal

Setup a **scoping meeting** with the Street Transportation Department at **602-262-6284** to determine what type of submittal is needed for your project prior to formal submittal.

☐ Traffic Impact Analysis:

Initial Submittal: Traffic Impact Analyses are submitted to the **Payments and Submittals** Counter at time of formal PUD application submittal for Street Transportation Department review. Two copies of the study are needed in addition to an e-mailed electronic copy noting the assigned STIA number. A hard copy and digital file of the study are also required for the rezoning case file and should be submitted with the initial application submittal.

Subsequent Submittals: Provide hard copy at the **Payments and Submittals** Counter to be routed to the Street Transportation Department along with an electronic copy via e-mail. Provide copies of subsequent submittals to the Village Planner.

Please note that only copies submitted through the Payments and Submittals Counter are reviewed by Street Transportation Department staff.

School District Notification Policies and Procedures

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

Criteria for Applicability

The provisions of this section shall apply to all applications to amend the General Plan and/or rezoning applications which will impact (increase or decrease) the projected number of students for any school district's attendance area as a result of the proposed amendment and/or rezoning.

The applicability of this section includes requests for amendment and/or rezoning which:

- Changes General Plan designations, and/or
- Changes zoning classifications that result in greater/fewer residential densities, thereby increasing/decreasing the number of potential students.

Applicant Pre-Submittal Responsibilities

- 1) **30 calendar days prior to submittal** the applicant shall provide the designated contact (see *School District Designated Contact List, Pages 41-42*, for information) of the applicable school district(s) the following information via registered mail, with a copy to the City of Phoenix Planning and Development Department; Zoning Section; 200 West Washington Street; 2nd Floor; Phoenix, AZ 85003:
 - a) Cover Letter (see attached example, Page 43)
 - b) Location map
 - c) 1 Full Size Site Plan
 - d) School District Response Form (see Page 44), with applicant and project information completed

School District Pre-Submittal Responsibilities for Amendment and Rezoning Requests Resulting in Greater Residential Densities

- 1) Upon receipt of the above information, the school district(s) shall review the materials and determine one of the following:
 - a) The school district has adequate school facilities to accommodate the projected number of additional students generated by the proposed amendment and/or rezoning within the school district's attendance area; or
 - b) The school district will have adequate school facilities via planned capital improvement to be constructed within one year of the date of notification of the district and located within the school district's attendance area; or
 - c) The applicant and the school district have entered into or are working on an agreement to provide, or help to provide, adequate school facilities within the school district's attendance area in a timely manner; or
 - d) The school district does not have adequate school facilities to accommodate projected growth attributable to the amendment and/or rezoning.
- 2) The school district shall determine the above with methodology approved and published by the appropriate school district.
- 3) In the event that the appropriate school district determines that there are not adequate school facilities for the proposed amendment and/or rezoning, the school district shall notify the applicant and the City of Phoenix that it does not have adequate school facilities to accommodate the amendment and/or rezoning via the form provided for that purpose.

- 4) In the event that the City does not receive certification from the school district within seven calendar days of the date of the application for amendment and/or rezoning, the application shall proceed on the basis of no finding on the adequacy of school facilities for the proposed amendment and/or rezoning. School district input thereafter may be sought by the City on the issue for consideration by the Village Planning Committee, Planning Commission, and/or City Council in making a decision on the amendment and/or rezoning application.

City of Phoenix Post-Submittal Responsibilities

- 1) The City shall review the school district's response and include the district's determination in the staff report prepared for the Village Planning Committee, Planning Commission, and City Council.
- 2) If the school district does not respond, the staff report will reflect no response on the part of the school district. The City may choose to contact the school district regarding the amendment and/or rezoning.
- 3) The determination form, if returned by the school district, shall be included as an attachment to routing materials and the staff report.

PLANNING AND DEVELOPMENT DEPARTMENT

Notice of Airport in Vicinity

Planning Case Number: _____
 (Completed by the City of Phoenix Planning and Development Department)

The owner/developer acknowledges that he/she is aware of the proximity of Phoenix Sky Harbor International Airport (and/or other airports).

We are aware the owner/developer will be required, by stipulation, to notify prospective future owners/occupants of the subject property within the boundaries of a Public Airport Disclosure area.

The disclosure notice to prospective purchasers follows State guidelines set regarding the properties in the City of Phoenix underlying the flight patterns of Phoenix Sky Harbor International Airport, Phoenix Deer Valley Airport, Phoenix Goodyear Airport, Glendale Municipal Airport, and the Scottsdale Municipal Airport. The Public Airport Disclosure area is defined and prepared in accordance to ARS, Section 28-8486. Copies of pertinent Airport Disclosure Maps are available from the Arizona Department of Real Estate's main office in Phoenix – 2910 N. 44th Street, Suite 100, Phoenix, AZ 85018, or from their web site (<https://azre.gov/public-airports>). These maps are intended to generally depict areas of numerous aircraft overflights (operations).

Properties that are located within the boundaries of a Public Airport Disclosure Area will be subject to overflights of aircraft operating at the Airport. People are often irritated by repeated overflights regardless of the actual sound level at the overflight site. The stipulation should also include the proximity of the development to the nearest airport, operational areas, and conditions as follows:

Phoenix Sky Harbor International Airport is considered a busy large-hub airport. The number of takeoffs and landings at the airport average approximately 1,600 to 1,800 each day, but that number will vary and may increase with time. The majority of aircraft takeoffs and landings occur daily between 6:00 a.m. and 11:00 p.m.; however, the airport is open 24 hours each day, so takeoffs and landings may occur at any hour of the day or night. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

Phoenix Deer Valley Airport, Phoenix Goodyear Airport, Glendale Municipal Airport, and Scottsdale Municipal Airport, are considered busy general aviation/reliever airports. Operating hours vary for each airport, takeoffs and landings may occur at any hour of the day or night. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

The above-mentioned airports have been at their present location for many years and future demand and airport operations may increase significantly in the future.

Flight tracks and traffic patterns may extend several miles beyond the Airport boundary. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to these annoyances can vary from person to person.

When residential and other noise sensitive buildings are constructed within noise contours of 65 DNL or higher, steps should be taken to achieve reduced interior noise levels.

The owner/developer acknowledges receipt of this notice.

Notice of Airport in Vicinity Instructions for Submittal

Development Customer,

You have received these documents because you are required to disclose that your development site is in defined proximity to an airport.

Attached you will find two templates for your use in completing an airport proximity disclosure notification. The "Notice to Prospective Purchasers of Proximity to Airport" contains wording for the notice that has been approved by City attorneys. You will notice brackets at several locations in the document. Please fill in the appropriate information and delete the brackets. This includes inserting your KIVA project number or zoning case number, as well as the name of your development team leader or zoning planner. This will assure that the recorded document is returned and filed correctly, thereby satisfying your stipulation.

You will need to have an authorized representative (owner or developer) sign this document for recordation.

The second template, Legal Description, will be written by you and should be the legal description of your parcel or development. Remove the brackets and everything in between and substitute your legal description. This will be **"Exhibit A"** as referenced in the airport proximity disclosure notification.

Third, you need to obtain a current Federal Aviation Administration (FAA) map for the relevant airport. These maps can change from time to time as dictated by the FAA. An updated copy of the Airport Disclosure Map is available from the Arizona Department of Real Estate – 2910 North 44th Street, Suite 100, Phoenix, AZ 85018, or from their web site: <https://azre.gov/public-airports>. This will be **"Exhibit B"** as referenced in the disclosure notification. Please note that the web site changes from time to time, but is always located at the Arizona Department of Real Estate. If it is not at the above link, try drilling down through public information documents from the home page located at: <https://azre.gov/>.

This disclosure notice will need to be recorded with the Maricopa County Recorder's Office. The Recorder's Office has specific formatting requirements, which can be found here: <https://recorder.maricopa.gov/site/formrequirements.aspx>. Please ensure that the documents are formatted to the Recorder's Office's standards.

After you assemble these three documents, take them to the County Recorder's office at 111 South Third Avenue, Phoenix, AZ 85003, or submit online and have them recorded with your property or your development's Covenants, Conditions and Restrictions (CC&Rs). The Recorder's Office will stamp them and give them a document number. You can then deliver a hard copy or email to zoning at zoning@phoenix.gov to complete the stipulation of disclosure. When the recorded document appears in the site plan and/or rezoning file, your stipulation will be satisfied.

In the event of difficulties:

- 1) Supervisors at the County Recorder's office have indicated that the document must be signed. It is NOT necessary to notarize your disclosure. If you are told that it must be notarized when you attempt to record, the County Recorder's Office suggests that you ask to speak with a supervisor.
- 2) The attached map does not meet legibility requirements per the County Recorder's guidelines. However, supervisors have indicated that it is acceptable for recordation with the Notice because the original map has been recorded by the Airport, and there is an address and web site on the Notice directing a potential purchaser to the information. If you are told that your map is not acceptable, the County Recorder's Office suggests that you ask to speak with a supervisor.

If you need further assistance with these instructions, please contact your team leader or planner.

NOTICE TO PROSPECTIVE PURCHASERS OF PROXIMITY TO AIRPORT

All of the real property (the "Property") described in "Exhibit A" attached to this Notice, said Property also to be known as [NAME OF DEVELOPMENT, IF APPROPRIATE], lies within the boundaries of the Public Airport Disclosure area for [NAME OF AIRPORT]. The Property is located approximately [NUMBER OF MILES, SHORTEST DISTANCE] from [NAME OF AIRPORT].

The disclosure notice to prospective purchasers follows State guidelines regarding the properties in the City of Phoenix underlying the flight patterns of [NAME OF AIRPORT]. The Public Airport Disclosure area is defined and prepared in accordance to Arizona Revised Statute, Section 28-8486, and generally depicts areas of numerous aircraft overflights or aircraft operations. As of the date of this filing and attached as "Exhibit B" is the current Public Airport Disclosure Map which provides noise and overflight information. Updated copies of pertinent Airport Disclosure Maps are available from the Arizona Department of Real Estate's main office in Phoenix – 2910 N. 44th St., Suite 100, Phoenix, AZ 85018, or from their web site <https://azre.gov/public-airports>.

Properties located within the boundaries of a Public Airport Disclosure Area will be subject to overflights of aircraft operating at the airport. People are often irritated by repeated overflights regardless of the actual sound level at the overflight site.

[AIRPORT NAME] is considered [USE AIRPORT DESCRIPTION FOUND IN "NOTICE OF AIRPORT IN VICINITY"]

The above-mentioned airports have been at their present locations for many years. Future demand and airport operations are anticipated to increase significantly in the future.

Flight tracks and traffic patterns may extend several miles beyond the Airport boundary. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to these annoyances can vary from person to person.

When residential and other noise sensitive buildings are constructed within noise contours of 65 DNL or higher, steps should be taken to achieve reduced interior noise levels.

Process for Review of Projects Utilizing SRP Canal Bank Right-of-Way

For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

City of Phoenix Pre-submittal Consultations

Planning and Development Department rezoning applications and the Development Division site plan review:

1. Review the Canal Design guidelines found at the end of Section 507 Tab A Urban Design Principles in the Phoenix Zoning Ordinance. These guidelines include requirements, presumptions and considerations related to development on canal banks and adjacent to them. They cover seven topics: physical accessibility (both public and private), visual accessibility, landscaping features within canal rights-of-way, safety, power easements, adjacent land uses, and urban area and suburban area canalscape treatment design continuity.
2. In all residential, commercial, commerce park, and industrial districts, canal rights-of-way shall be treated as public street right-of-way for setback and landscaping purposes. However, if landscaping is placed in the canal right-of-way adjacent to development, the landscape setback may be reduced equal to the depth of the right-of-way landscaping, if at least ten feet are landscaped on the bank. If no landscaping is provided on the canal bank due to physical constraints, a 10 to 15 foot landscaped setback is required adjacent to the canal bank depending on the district. The setback area is not for parking or maneuvering.
3. Canal right-of-way of 25 feet will be counted as part of the gross area allowable for density if the project has complied with design guidelines for canal banks including landscaping of canal bank right-of-way. Canal bank right-of-way of 25 feet will also be counted as part of net area used to calculate allowable lot coverage when the development has complied with the design guidelines for canal bank development including landscaping of canal bank right-of-way. There is no additional open space requirement for landscaping the canal bank.
4. Eight-foot open wrought iron fences are allowed abutting canal rights-of-way as described in Guideline 7.2.4. This fence must be located on private property.
5. There will be additional fees for processing a project using canal bank rights-of-way by the City of Phoenix if the landscaping plan for the canal right-of-way is submitted on the same sheet as the landscaping plan for the entire development.
6. A use permit will be required for outside dining in canal bank rights-of-way. Outside dining must be accessible from the canal bank and unfenced from the canal bank so that pedestrians are not blocked from continuous passage along the canal bank.

Salt River Project Pre-Submittal Consultations

1. Contact the Property Management Division of SRP's Land Department at (602) 236-8170 to set up a pre-submittal consultation. This division will coordinate discussions with power and water staff. At the initial meeting, if given the location of the site one week prior to the meeting, SRP staff will determine available right-of-way and the feasibility of development concepts. If the site is not identified one week prior to the meeting, SRP staff will determine the available right-of-way within one week of the meeting.
2. SRP charges a license fee for development on canal bank rights-of-way which is more than landscaping and pedestrian amenities such as use of rights-of-way for outside dining purposes or other commercial uses.
3. SRP also charges a \$500 fee for review of landscaping plans on the canal bank rights-of-way and requires submittal of 15 copies of plans to the Property Management Division. The initial review process takes three weeks. After initial review, SRP will provide a letter saying that the preliminary concept is feasible. A copy of this letter should be provided to the City of Phoenix at the time of preliminary site plan review submittal and at the time of filing for rezoning if a rezoning application is involved. The letter should include the specific amount of right-of-way available.

Joint License Agreements

1. SRP requires the City of Phoenix to enter into a license agreement with them for all improvements made on the canal bank rights-of-way by the city or by a developer in accordance with the City's ordinance. This license agreement holds the city responsible for the proper installation and maintenance of any improvements per the approved plans and any liability resulting directly from the construction or installation of the improvements.
2. The city requires a license agreement with the property owner for property maintenance of the improvements. The city provides a liability insurance policy covering the city, SRP and property owner for liability related to the installation of the improvements and events related to their presence. The city also requires the property owner to post a bond or cash equal to \$.50 per square foot of landscaped area. Maintenance responsibility runs with the land. All license agreements require three copies of the approved plans, a legal description of the private adjacent property and a legal description of the SRP area to be improved.
3. Clearance areas: SRP requires a minimum of 15 feet from the water's edge to remain free of improvements so that a truck can drive down the canal bank. There are also access and clearance requirements for overhead utility poles and lines.
4. Plant materials: SRP provides an approved plant list. Landscaping must also be approved by the City of Phoenix Parks and Recreation Department, as the city would be responsible for maintenance if the property owner defaulted.
5. Watering system: A permanent irrigation system must be installed that does not depend on a use of canal water. SRP canal rights-of-way must remain open for public access. They may not be fenced off for private use.
6. Cultural resource clearance: You may be required to obtain a cultural resource clearance if your project will change the look of the canal itself as a historic feature. Examples would include adding new pedestrian or motor vehicle bridges or major new recreational pathways with benches and public art. The other reason would be for a significant amount of excavation along a portion of a canal where archaeological sites might be present. There is a list of general locations where these sites have been found and where clearance would be needed for excavation. Other locations would not need a cultural clearance. Shallow trenching to bury drip irrigation lines would ordinarily not require clearance. SRP decides if clearance is necessary. If clearance is required, it takes about six weeks and costs about \$500 for the Bureau of Reclamation to do the work and notify the State Historic Preservation Office of the results.
7. The City of Phoenix Development Division will notify the Planning and Development Department of a proposal requiring a license agreement. Planning will notify the Parks and Recreation Department to review the landscaping, Risk Management to make an amendment to the insurance policy, and the Law Department to prepare the license agreement. Executed copies will be distributed to SRP, the property owner, and the Parks and Recreation Department.

RE: *Designation of Electric Substation locations.*

To Municipal Permit Applicant:

Continuing growth in urban areas of the Valley of the Sun necessitate extension of critical infrastructure to support increasing electricity needs. In response to these needs, SRP has determined a need for power distribution substations every four square miles to ensure a reliable supply of electricity. These substations are typically located on sites of 2 acres, being approximately 300 feet by 300 feet square in dimension.

In order for both developers and end-users alike to have accessible power, SRP is requesting that developers consider the need for a substation site concurrent with the municipal entitlement and permitting process. Through the municipal planning process provision for critical infrastructure including water, sewer and electricity assure these necessities for the end-user. SRP is requesting consideration of a location for the substation site to support the electric load generated by the developer's respective project. Upon determination of a need and a jointly acceptable location, SRP will offer compensation based on fair market value to secure that 2 acre site.

Prior to submittal of plans to the City/Town for permitting, please contact Ken Alteneder at SRP's Distribution Planning Department at (602) 236-0977, to discuss the electric load projected to be generated by your project. SRP will assist you in determining workable points of power delivery to assure accessible, reliable electric service to support your development plans.

Sincerely,
LAND DEPARTMENT

Site Plan Submittal Checklist

This handout addresses the site plan documentation necessary to submit for a rezoning/special permit case. AN INCOMPLETE SUBMITTAL WILL NOT BE ACCEPTED FOR PUBLIC HEARING. All applications are filed at the Planning and Development Department Zoning Counter, between 8:00 a.m. and 4:00 p.m., Monday through Friday and take approximately 40 minutes to complete. Applications will not be accepted after 4:00 p.m. For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

Items to be placed on site plan:

- Vicinity Map with Notation of Site
- North Arrow and Scale (Engineers Scale) - North arrow to be a minimum of 3 inches in height and located at the southeast corner of the site plan.
- Existing Street Names and R.O.W. Dimensions
- Access Points/Modifications to Existing Street Improvements
- Lot Dimensions
- Gross Building Area and F.A.R. (gross building area to gross site for non-residential)
- Lot Coverage (for nonresidential proposals)
- Total Dwelling Units/Density (residential proposals)
- Height in Stories and Feet
- Setbacks (Building & Landscape)
- Landscape Plan
- Parking required and provided (for other than single-family)

Context Plan

For additional information, please call the Planning and Development Department at (602) 262-7131, option #6.

The context plan should show your site plan and surrounding properties. Lot configurations, streets and other improvements should be detailed on the context plan. Photographs shall be provided as noted below.

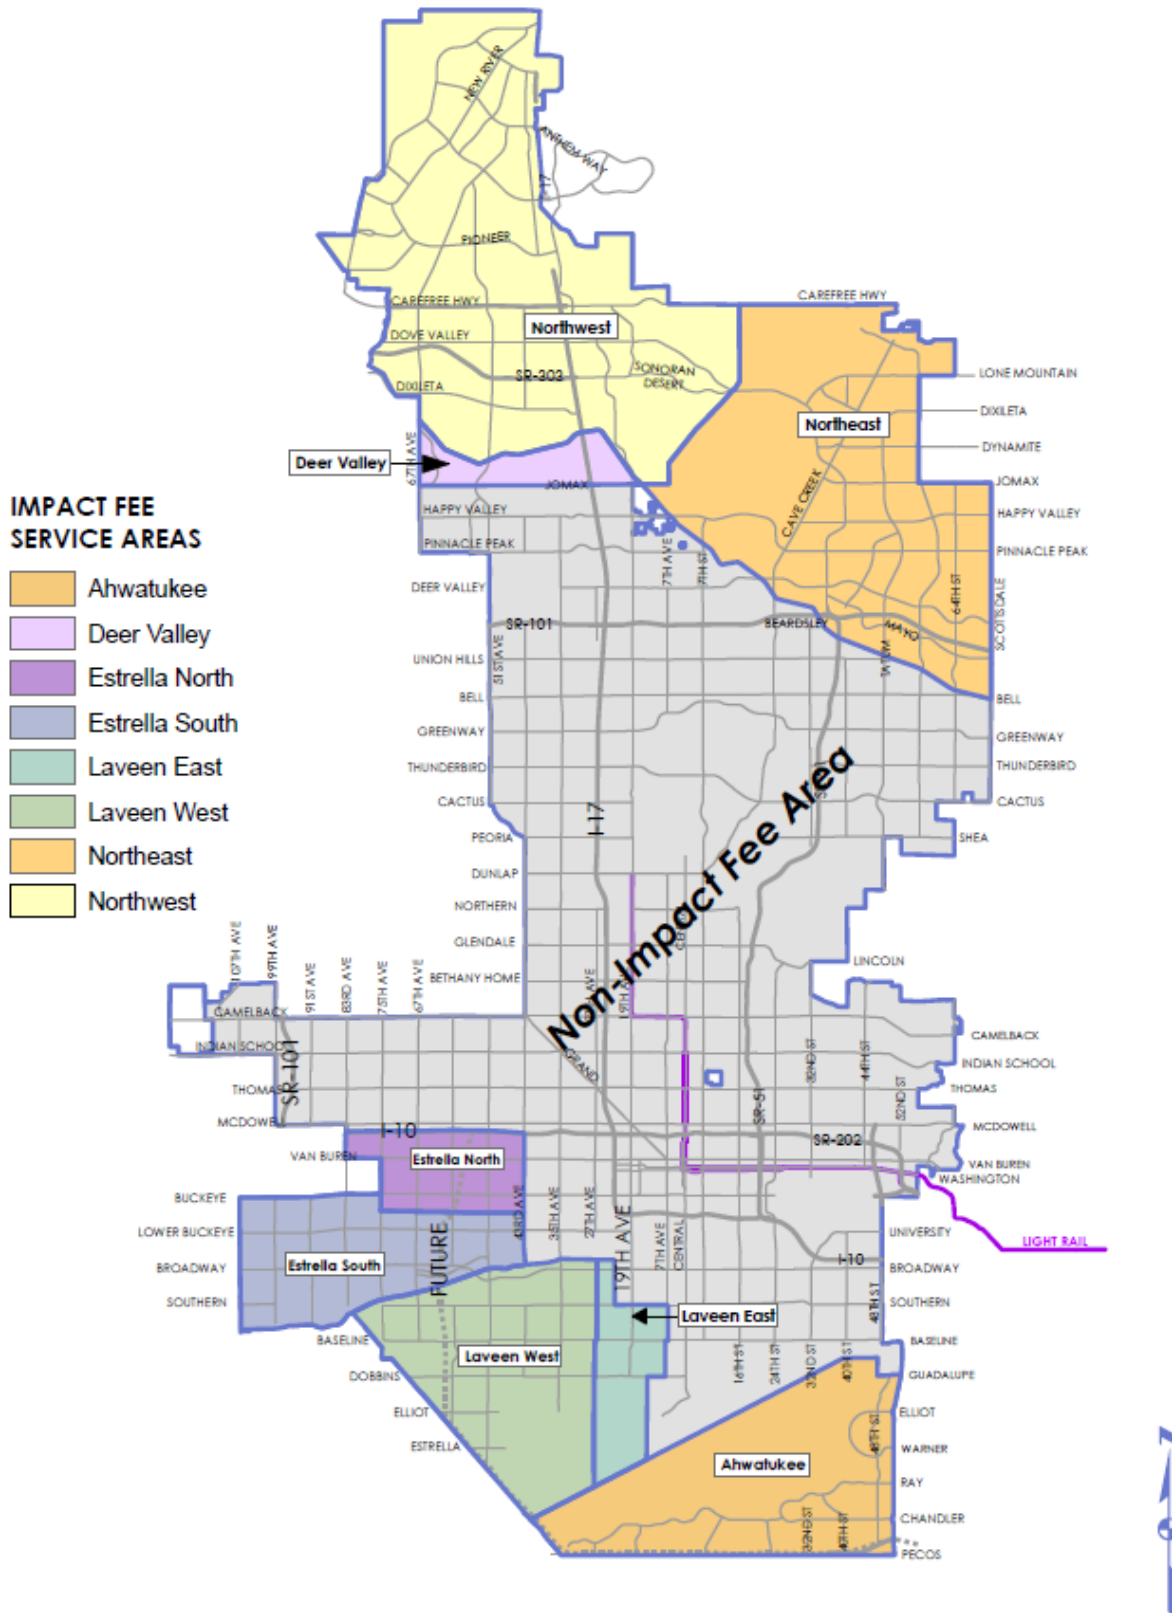

Photographs need to show street improvements and surrounding land uses:

- All applicants are expected to provide photographs 1-16
- If distance "X" is greater than 500', also take photos 17-24
- If distance "Y" is greater than 500', also take photos 25-32

Planned Unit Development District

This below language is an excerpt from the City of Phoenix Zoning Ordinance.

Section 671. PUD - Planned Unit Development District

- A. Purpose. The Planned Unit Development (PUD) is intended to create a built environment that is superior to that produced by conventional zoning districts and design guidelines. Using a collaborative and comprehensive approach, an applicant authors and proposes standards and guidelines that are tailored to the context of a site on a case by case basis. These standards and guidelines will be based primarily on the following:
1. Uses. Appropriate limitations will be placed on the character and intensity of permitted uses to promote neighborhood compatibility.
 2. Development Standards. Development standards will be established that complement the dimensions and physical features of a site and the character of the neighborhood.
 3. Design Guidelines. Design guidelines will reflect compatible and innovative architecture and development as expressed in the PUD design expectations document that can be found on file with the city of Phoenix Planning and Development Department.
 4. Sustainability. Development will be designed to respond to our region's unique environmental and urban challenges.
- B. Applicability
1. Existing overlay districts and regulatory portions of specific plans and special planning districts, as described in the Zoning Ordinance, may not be removed or modified by a PUD.
 2. Where the approved PUD narrative is silent on a requirement, the applicable Zoning Ordinance provision shall control.
 3. PUD applications for a property where the gross land area is three hundred twenty (320) acres or more shall submit master plans, as described in the establishment of district, Planned Community District (PCD) section of the Zoning Ordinance. Master plans may be required at the discretion of the Planning and Development Department for projects less than three hundred twenty (320) acres if the proposed intensity/density of the project impacts existing infrastructure. Master plans shall be approved prior to preliminary site plan approval.
 4. City council may attach a stipulation to a PUD to commence development within a specific timeframe.
 5. Outdoor advertising structures shall comply with Section 705.2.
- C. Permitted Uses. Any permitted use which is described in the Phoenix Zoning Ordinance may be proposed. Uses shall be listed within the development narrative. Uses may include permitted, permitted with conditions, temporary or accessory uses.
- D. General Requirements
1. The application for the PUD district shall conform to the Zoning Map Amendment (Rezoning) section of the Zoning Ordinance.
 2. There shall be a development narrative included in the application that contains items as stated in the development narrative submittal requirements document that can be found on file with the city of Phoenix Planning and Development Department. The development narrative shall include, but not be limited to, the following:
 - A. Purpose and intent

- B. Legal description
- C. List of uses
- D. Development standards, including, but not limited to, density (residential projects), building height, setbacks, and lot coverage
- E. Design guidelines
- F. Infrastructure

E. PUD Amendments

1. Major Amendments. Amendments to the approved PUD narrative that are determined to be major amendments shall follow the application and approval process stated in the Zoning Map Amendment (Rezoning) section of the Zoning Ordinance. Amendments shall be considered major if they include any of the following:
 - A. A change in the PUD boundary.
 - B. Any change in the height, density, setback, or lot coverage development standards.
 - C. Any change in the location of a land use depicted on the land use plan in the development narrative.
 - D. Any addition to the list of uses in the development narrative.
 - E. Any change to the design guidelines that is inconsistent with the intent of the PUD as described in the development narrative.
2. Minor Amendments. Amendments not meeting the criteria for a major amendment shall be deemed to be minor amendments and may be administratively approved by the planning director or designee.
3. Conceptual Site Plans and Elevations. Amendments may be made to conceptual site plans and/or elevations unless the proposed modifications fail to meet the development standards of the PUD. Amendments to conceptual site plans and/or elevations that change the development standards approved with the PUD development narrative shall follow the PUD Amendment process.
 - A. Planning and Development Department Administrative Review. The Planning and Development Department may administratively approve modifications to site plans and/or elevations that result in one or more of the following:
 - (1) An increase in building height less than five percent (5%);
 - (2) Any change in density less than five percent (5%);
 - (3) A change in building or landscape setbacks less than five percent (5%);
 - (4) Any increase in open space;
 - (5) Any change in traffic circulation that positively impacts traffic circulation or increases traffic or pedestrian safety; or
 - (6) An increase in building footprint less than five percent (5%).
 - B. Planning Hearing Officer Public Hearing Process. The Planning Hearing Officer, through the public hearing process, may approve proposed modifications to conceptual site plans and/or elevations that do not meet the criteria for Planning and Development Department administrative review.

PUD Zoning Designation *Frequently Asked Questions*

1. Where is the PUD appropriately utilized?

The PUD may be applied to any property, there are no pre-requisites. The PUD is typically utilized for innovative site design; infill/remnant lots, master planned developments, and mixed use projects. A PUD allows an applicant more flexibility in order to achieve the character that is desired by the community without the need for additional processes.

2. How is a PUD rezoning request processed?

A request for PUD follows the current rezoning process to include the same notification requirements. In addition to the required neighborhood meeting and village planning committee meeting, an additional meeting with each is recommended. All requests for PUD are then scheduled for the Planning Commission and City Council.

3. How does the PUD work with other governing documents and policies?

The PUD is required to be consistent with the Phoenix General Plan and General Plan Land Use Map, and all applicable regulatory portions of overlay districts, specific plans, and special planning districts. Rezoning to a PUD can only modify regulations outlined within the Phoenix Zoning Ordinance.

4. What is the Development Narrative?

The applicant is required to submit a Development Narrative that discusses the project intent, proposed uses, development standards, design guidelines, sustainability measures, and other pertinent information. If approved, the Development Narrative would be adopted by ordinance. Development Narratives are available at the 2nd floor Zoning Counter or at <https://www.phoenix.gov/pdd/planning-zoning/pzservices/pud-cases>.

5. Can an approved PUD be amended?

Yes. There are major and minor amendments. Major amendments are determined by the criteria outlined in the major amendment section of the PUD ordinance and are processed as a rezoning application. Major amendments include changes in boundaries, uses, development standards, or design guidelines. Amendments not meeting the criteria of a major amendment shall be determined a minor amendment. Significant amendments to conceptual site plans and/or elevations will be determined by the Planning Hearing Officer through the public hearing process.

6. What is the Fact Finding Summary?

The Fact Finding Summary determines if your site will have any infrastructure development issues that should be addressed prior to or during the PUD process. Please call 602-262-7811 to request a Fact Finding.

7. What are the differences between a PUD versus conventional zoning districts?

PUD	Conventional Zoning Districts
Applicant proposed development standards	Fixed development standards
Applicant proposed List of Uses	Fixed List of Uses
Applicant proposed Design Guidelines	Fixed Design Guidelines
1 required neighborhood meeting, additional neighborhood meeting if there are unresolved issues, 1 required informational VPC meeting, 1 required VPC meeting	1 neighborhood meeting, 1 VPC meeting
Application information of original and approved submittal can be found online	Information must be requested
Land use plan or conceptual site plan is required; For properties under 20 acres, a site plan is required	Site plan required
Narrative with supportive exhibits	Standard application
Processing time is dependent on completeness and quality of submittal (may be longer than conventional rezoning)	Approximately 4 to 6-month process
