### Release 1 of SHAPE PHX – Phoenix's new permitting system is now LIVE for residential single family projects!

Click **here** to go to the SHAPE PHX portal for residential projects!

- Customers submitting single-family residential applications, applying for PDD licenses or registrations should now create a new user account.
- Customers that have projects in both Release 1 and future releases will work out of both the old system (PDD Online and ProjectDox) and the SHAPE PHX portal.
- All Residential PV Solar should be submitted to [pdd.photovoltaic.residential@phoenix.gov](mailto:pdd.photovoltaic.residential@phoenix.gov).

#### PROJECT MISSION

The mission of the SHAPE PHX project is to upgrade the primary legacy business applications for Planning & Development's (PDD) land management/permit tracking software systems with a modern solution that supports planning, development, and regulation.

#### PROJECT DESCRIPTION

The SHAPE PHX project focuses on acquiring a system that updates the core permit managing abilities with integrated, streamlined, and next-generation workflow processes. As community needs change, PDD will keep pace by updating systems to incorporate forward-thinking functionality. The SHAPE PHX solution provides a near-seamless overall experience to PDD internal and external customers while integrating closely with proven PDD processes and tools used today.

#### WHAT DOES THAT MEAN?

The legacy systems in use today support nearly 91,000 visitors to the development center (beginning March 23, 2020, visits to the development center were by appointment only due to the COVID-19 pandemic) with over 43,000 permits, 272,000 inspections and \$5.6 billion in total construction permit valuation last fiscal year. (FY 2019-2020). Electronic Plan Review submittals increased from 1,899 in FY 2018-2019 to 4,734 in FY 2019-2020, most of which came in after March 2020.

The goal is to create a heightened user experience for external customers to submit, track, and interact with staff while applications are processed more efficiently through the Historic Preservation, Planning and Zoning, Permitting, Plan Review, and Inspection Processes. Combining existing business applications into integrated processes will streamline the process for both internal and external users.

If you have questions or issues, please email the SHAPE PHX team at [shapephx@phoenix.gov](mailto:shapephx@phoenix.gov) or call 602-534-5641.

#### Release 1 includes:

- **Residential (Single-Family Plan and Duplex Units) Plan Review and Permits:**
  - Demolitions
  - Code Modifications (Residential & Commercial)
  - New Custom Homes
  - Additions
  - Accessory Structures
  - Mobile Home Placement

### SHAPE PHX Release 2 is Here!

SHAPE PHX is a transformative project that replaces numerous Planning & Development Department applications with a consolidated, secure, transparent and modern land-based application that supports Planning, Zoning, Historic Preservation, Plan Review, Permitting and Inspections.

SHAPE PHX Release 1 was successfully launched on June 6, 2022. The release included 80 single family residential permit categories, elevator permits and non-permitted construction.

SHAPE PHX Release 2 went live on September 18, 2023 and incorporates business processes for Long Range Planning, Zoning and Historic Preservation into SHAPE PHX. Users have the ability to submit NEW Zoning applications and act on NEW Historic Preservation applications through the SHAPE PHX Customer Portal.

\*\*\*Zoning and Historic Preservation applications submitted prior to September 18, 2023 will be processed in previous systems through completion\*\*\*

**Click [here](#) to access the SHAPE PHX Customer Portal which is available 24/7 and allows users to perform multiple functions from any location including but not limited to:**

- Submit Residential permit applications
- Check plan review status
- Communicate with staff
- Upload documents
- Pay online fees

SHAPE PHX provides internal and external users the opportunity to communicate more seamlessly and efficiently regarding all planning, plan review, permitting and inspections related matters as it will bring all PDD's business processes into one integrated system.

Commercial and Residential Photovoltaic projects will continue to work through [PDD Online](#) and [ProjectDox](#) programs. If you have technical questions or issues regarding the SHAPE PHX Portal, please email the SHAPE PHX Team at [shapephx@phoenix.gov](mailto:shapephx@phoenix.gov). If you have questions related to the application process or permit status, please visit our [Contact Us](#) page to communicate with our Development Center staff.

---

#### Release 2 incorporates the following into SHAPE PHX:

- **Historic Preservation Applications**
  - Certificates of No Effect
  - Certificates of Appropriateness
  - Request for Certificate of Economic Hardship
  - Demolition Application Plan Review
- **Planning & Zoning Applications**
  - Alternative Dustproofing
  - ATUP - Temporary Use Permits
  - Community Residences/Group Homes
  - Downtown Signs
  - General Plan Amendment
  - Informal Interpretations/Zoning Verification/Clearances
  - Planning Hearing Officer
  - Pre-Applications - GPA/Rezoning/Text Amendment
