Instructions for filing combined Notice of Withdrawal and Withdrawal Request form. This form facilitates the filing of both the Notice of and the Request for Withdrawal of Charge. It replaces the two separate forms. If a voluntary withdrawal is requested before the Charged Party has filed a Response to Charge, then only fill out the top part of the form. No further action by the Board is required. If the Charged Party has filed a Response to Charge, the Charged Party must sign the lower portion in the Withdrawal Request section. The Board will then consider the Request at its next regularly scheduled meeting and determine whether to grant the request or not.
