I. BACKGROUND

Chapter 27 of the Phoenix City Code, the Solid Waste Ordinance, establishes the City's solid waste program, including the general rate structure and customer eligibility.

II. PURPOSE

The purpose of this policy is to document rates related to the collection of solid waste, including rates set by the Director.

III. SCOPE

Policies within the Billing Book apply to City of Phoenix solid waste customers, residents, businesses, non-profit organizations, or government agencies identified within each individual policy and the Solid Waste Ordinance. For further definition of services and qualifications for services see relevant policies.

IV. ANNUAL REVIEW

The below rate structure will be reviewed annually by the Assistant Public Works Director prior to June 30th and/or when needed.
