

Neighborhood Notification: Bicycle Improvements on 103rd Ave / Jones Avenue from Country Place Blvd to 99th Avenue

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing review of street design provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: 103rd Ave/Jones Ave from Country Place Boulevard to 99th Ave

What: Where there is enough space on the roadway, buffered bike lanes will be added. The number of travel lanes will remain the same. Parking will be removed from nine side facing homes.

When: Traffic lane improvements are planned for spring 2025.

Why: Buffered bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the buffered bike lanes will help to guide cars and deter speeding.

What will the Project Look Like?

Country Place Blvd to 103rd Ave
100th Lane to 99th Ave

Current Travel Lanes

103rd Ave to 100th Lane

Current Travel Lanes

Country Place Blvd to 103rd Ave
100th Lane to 99th Ave

Future Travel Lanes

103rd Ave to 100th Lane

Future Travel Lanes
