

Neighborhood Notification of Bicycle Improvements on 12th Street from Bell Road to Union Hills Road

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: 12th Street from Bell Road to Union Hills Road

What: Where there is enough space on the roadway, buffered bike lanes will be added. The number of travel lanes will remain the same. No parking will be removed.

When: Pavement maintenance (new asphalt) is planned for Spring 2025 and traffic lane improvements will happen shortly after.

Why: Buffered bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the buffered bike lanes will help to guide cars and deter speeding.

What are the Changes?

**Bell Rd to Turtle Rock Basin Park
Grovers Ave to Charleston Ave
Villa Theresa Dr to Union Hills Dr**

Current Travel Lanes

Proposed Travel Lanes

**Turtle Rock Basin Park to Grovers Ave
Charleston Ave to Villa Theresa Dr**

Current Travel Lanes
(Parking allowed west side)

Proposed Travel Lanes
