

## Neighborhood Notification: Bicycle Improvements on 23<sup>rd</sup> Avenue from Greenway Road to Paradise Lane

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing review of street design provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

### About the Project

**Where:** 23<sup>rd</sup> Avenue from Greenway Road to Paradise Lane

**What:** Where there is enough space on the roadway, bicycle lanes will be added. The number of travel lanes will remain the same. On-street parking will be preserved on the west side of 23<sup>rd</sup> Avenue.

**When:** Traffic lane improvements have been installed.

**Why:** Bicycle lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the bicycle lanes will help to guide cars and deter speeding.

### What will the Project Look Like?

#### Greenway Road to Tierra Buena Lane

Current Travel Lanes

Future Travel Lanes
