

Neighborhood Notification: Bicycle Improvements on 54th Street from Shea Boulevard to Cholla Street

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: 54th Street from Shea Boulevard to Cholla Street

What: Where there is enough space on the roadway, bike lanes will be added. The number of travel lanes will remain the same. On-street parking will be removed from the west side of the street from North of Shea Blvd to Sahuaro Dr and from the east side of the street from Mercer Lane to Cholla St.

When: Pavement maintenance (new asphalt) is planned for late Spring / Summer 2025 and traffic lane improvements will happen shortly after.

Why: Bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. The slight narrowing of the lane widths to accommodate the bike lanes will help to guide cars and deter speeding.

What will the Project Look Like?

Current Travel Lanes

North of Shea Blvd To Sahuaro Dr

(Parking allowed east side)

Sahuaro Dr to Mercer Lane

Mercer Lane To Cholla Street

(Parking allowed both sides)

Proposed Travel Lanes

N/O Shea Boulevard to Mercer Lane

Mercer Lane To Cholla Street
