

## Neighborhood Notification for Bicycle Improvements on Liberty Lane from 24<sup>th</sup> Street to 32<sup>nd</sup> Street

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

### About the Project

**Where:** Liberty Lane from 24<sup>th</sup> Street to 32<sup>nd</sup> Street

**What:** Where there is enough space on the roadway, buffers will be added to existing bike lanes. The number of travel lanes will remain the same. No parking will be removed, and a dedicated parking lane will be added where parking is currently allowed in the bike lane.

**When:** Pavement maintenance (new asphalt) is planned for Spring 2025 and traffic lane improvements will happen shortly after.

**Why:** Buffered bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. The slight narrowing of the lane widths to accommodate the buffered bike lanes will help to guide cars and deter speeding.

### What are the Changes?

#### 24<sup>th</sup> St to 25<sup>th</sup> St

Current Travel Lanes  
(No Parking Allowed)

Proposed Travel Lanes

#### 25<sup>th</sup> St to Kyrene de la Estrella Parent Exit Driveway

Current Travel Lanes  
(No Parking Allowed)

Proposed Travel Lanes

#### Kyrene de la Estrella Parent Exit Driveway to Parent Entrance Driveway

Current Travel Lanes  
(No Parking Allowed)

Proposed Travel Lanes

### Parent Entrance Driveway to Kyrene Akimel A-al Middle School Exit Driveway

Current Travel Lanes  
(No Parking Allowed)

Proposed Travel Lanes

### Kyrene Akimel A-al Middle School Exit Driveway to Middle School Entrance Driveway
