Environmental Services Division Use Only: See Attachment(s)

This Commissary / Food Service Establishment is Approved Denied for use as a Commissary by the City of Phoenix Water Department Environmental Services Division.

Comments: _____

This Commissary / Food Service Establishment must maintain a minimum grease interceptor cleaning frequency of every _____ Days.

All gray water discharges from the Mobile Food Vendor must go the food service establishments grease interceptor.

Failure to properly maintain or to intentionally bypass the grease interceptor will result in revocation of commissary status. The Environmental Services Division's permission to use the facility as a commissary only applies to grey water discharge to the City of Phoenix sewer.
